Like Shaw and Brecht, Ionesco also contributed to the theatre with his theoretical writings (Wellwarth, 33). Ionesco wrote mainly in attempts to correct critics who he felt misunderstood his work and therefore wrongly influenced his audience. In doing so, Ionesco articulated ways in which he thought contemporary theatre should be reformed (Wellwarth, 33). *Notes and Counter Notes* is a collection of Ionesco's writings, including musings on why he chose to write for the theatre and direct responses to his contemporary critics.

In the first section, titled "Experience of the Theatre," Ionesco claimed to have hated going to the theatre as a child because it gave him "no pleasure or feeling of participation" (Ionesco, 15). He wrote that the problem with realistic theatre is that it is less interesting than theatre that invokes an "imaginative truth," which he found to be much more interesting and freeing than the "narrow" truth presented by strict realism (Ionesco, 15).

Bell,2013-11-12 Parsifal Wagner's final opera is considered by many to be one of the greatest religious musical works ever composed but it is also one of the most difficult to understand and many have questioned whether it can be considered a Christian work at all Added to this is the furious debate that has surrounded the composer as an anti Semite racist and inspiration for Hitler Richard Bell addresses such issues and argues that despite any personal failings Wagner makes a fundamental theological contribution through his many writings and ultimately in Parsifal which he argues preaches Christ crucified in a way that can never be captured by words
