Handbücher zur Sprach- und Kommunikationswissenschaft Hans Goebel, Herbert Ernst Wiegand, 1996

Negritude Isabelle Constant, Kahiudi C. Mabana, 2009-03-26 Doit on consid rer la N gritude comme un mouvement ancr dans la fin de la p riode coloniale et sur lequel il n y a plus lieu de revenir C est une des questions que le colloque qui s est tenu l Universit des West Indies la Barbade en l honneur du centenaire de la naissance de Senghor s efforce d explorer Lylian Kesteloot nous rappelle encore r cemment dans son tude C saire et Senghor un pont sur l Atlantique l importance de ce mouvement qui entre les ann es trente et soixante a particip la naissance de la litt rature africaine La question du particularisme que le mot N gritude implique et de son oppos l universel sera largement d battue dans les pages de cet ouvrage Les articles de cet essai discutent les d faits essentialistes de la N gritude senghorienne mais galement le fait que dans les termes de Senghor la N gritude est un mythe donc une construction identitaire l expression d une invention Il envisageait par exemple l av nement d un socialisme africain dans une interpr tation unique du marxisme En tant que mouvement po tique philosophique litt raire ou en tant que r ponse id ologique une oppression les auteurs africains et antillais tudi s ici et qui traitent de th mes tr s contemporains d montrent la vivacit d une N gritude toujours d actualit dans sa pr sentation des cultures Il faut bien entendu d passer la notion raciale contenue dans le terme et insister sur le culturel le philosophique et l esth tique pour accepter que la N gritude ait une pertinence actuelle Notamment nous verrons que la N gritude s est m tamorphos e aux Antilles o au Br sil en d originaux projets id ologiques et esth tiques Should Negritude be seen as a movement that originated at the end of the colonial era and merits no further study in this contemporary world This is one of the questions explored in the Colloquium held at the University of the West Indies Barbados to mark the centenary of the birth of L opold Sedar Senghor In a recent study C saire et Senghor Un pont sur l Atlantique Lylian Kesteloot reminds her readers of the importance of Negritude which contributed to the emergence of African literature between 1930 and 1960 The idea of essentialism which the word Negritude implies as well as the opposite idea of universalism will be widely discussed in the pages of this work This collection of essays acknowledges the essential shortcomings of Senghor s Negritude

but at the same time underlines the fact that in Senghor's words Negritude is a myth and therefore has to do with the construction of an identity and is the expression of an imaginary creation. It envisaged for example the creation of an African form of socialism within a unique interpretation of Marxism. In this volume African and Caribbean writers who are concerned with contemporary issues demonstrate the vitality of Negritude as a poetic philosophical and literary movement and as an ideological response to oppression that is still relevant in its presentation of cultures. Clearly it is necessary to go beyond the notion of race implied in the term and to focus on the cultural philosophical and aesthetic elements in order to appreciate the relevance of Negritude today. Most notably in the Caribbean or Brazil Negritude has been transformed into original ideological and aesthetic projects.

Droits des Personnes Agées et Droits des Personnes Handicapées Pascal

Touoyem, 2023-10-22 Cette publication est certainement la toute première grande synthèse thématique et critique sur la condition des personnes socialement vulnérables PSV en Afrique. Une excellente brochette de 40 experts et Institutions de différents pays du continent déploie un effort d'intelligibilité de ce phénomène devenu préoccupant à travers un inventaire analytique complexe rétrospectif factuel actuel chiffré ponctuel prospectif et relativement exhaustif. Les différentes contributions sont assorties des recommandations fortes qui interpellent pour leur application les détenteurs d'enjeu dans une démarche de co-construction pour une citoyenneté de transformation active. C'est un document de plaidoyer requisitoire et de lobbying en faveur de l'aménagement de la protection et de l'amélioration des conditions sociales des personnes âgées et des personnes handicapées en Afrique autant en matière de santé alimentation de logement environnement de protection sociale que de maintien de revenu d'emploi et d'enseignement eu égard à l'augmentation croissante de leurs effets en valeur relative et absolue. La question des personnes socialement vulnérables est ainsi mise en avant par des préoccupations politico-sociales et scientifiques importantes voir permanentes telles que la recherche d'investigations et de réflexions récurrentes au sein du mécanisme social de l'Union Africaine au sein du groupe de travail sur les personnes âgées et les personnes handicapées de la Commission Africaine des Droits de l'Homme et des Peuples. L'assignation matricielle et originelle tant de construire des véhicules juridiques psychologiques socio-antropologiques et politiques afin d'amorcer un changement positif et une protection durable des personnes ainsi que des protocoles coutumiers pour leur valorisation dans les cultures et traditions africaines. This publication is certainly the first major thematic and critical synthesis on the condition of socially vulnerable persons PSV in Africa. An excellent line up of 40 experts and institutions from different countries of the continent is making an effort to understand this phenomenon which has become worrying through a complex retrospective factual current quantified punctual prospective and relatively exhaustive analytical inventory. The various contributions are accompanied by strong recommendations that challenge the holders of issues for their application in a process of co-construction for an active citizenship of transformation. It is a document of advocacy indictment and lobbying in favor of the development protection and improvement of the social conditions of the elderly and persons with disabilities in Africa in terms of health food housing

environment social protection income maintenance employment and education given their increasing numbers in relative and absolute terms The issue of socially vulnerable people is thus brought to the forefront of important if not permanent political social and scientific concerns It is the subject of recurrent investigations and reflections within the special mechanism of the African Union the Working Group on Elderly Persons and Persons with Disabilities of the African Commission on Human and Peoples Rights The initial assignment is to build legal psychological socio anthropological and political vehicles in order to initiate positive change and sustainable protection of VHPs as well as customary protocols for their valorization in African cultures and traditions
