There Are Giants In The Earth:

There Are Giants in the Earth Michael Grumley, 1976 [There Were Giants in the Earth in Those Days](#) Bob Mitchell, 2016-10-24 The Bible the book of Enoch and other ancient texts speak of the Giants that ruled the earth many years ago The Nephilim the Titans and so on Were they real or are the stories a vehicle we can use to entertain and scare children Did all traces of the Giants of long ago vanish as new civilisations rose and fell burying the graves and the memories of the Giants further below the surface America is relatively speaking a new country As the settlers moved Westward and dug into the soil did they discover the remains of the Giants that once ruled the land before the settlers and even the native American Indians arrived This book presents reports from eye witnesses who as they planted crops and built their homes discovered something they never expected or dreamed of finding the remains of a race of gigantic humans who ruled the land long before they ever set foot on the continent **Bible Myths and Their Parallels in Other Religions** Thomas William Doane, 1882 *Evening hours, ed. by E.H.
