## **There Is A Path:**

*BEYOND THE NONSENSE ... THERE IS A PATH* Adrian Gabriel Dumitru, And one day you see no difference between your world and the life in North Korea but you don't know why When I began to study the nonsense I realized that behind the nonsense there is a path that we can't see When I say nonsense I mean all our silly actions or thoughts We live in a robotic way and even if we are not happy in the present moment we just continue everything in the same way on and on and on One day we even start to believe that we live in a prison or prisons The job is a prison The marriage is a prison Everything around is just a repetitive way of living having no sense at all There is no joy of being alive You actually have a life similar with the one of the people from North Korea but the problem is that you are the dictator and you were the one that somehow chose the prison or even built it No one forced you to go at the job you have now and actually you can change it anytime No one forced you to get married and in fact you can change the partner or just simply divorce You see no difference between your world and the life in North Korea but you don't know why Well let me tell you the truth You accepted the nonsense as your main way of living your life You are the one that is responsible for your unhappiness and in fact you are also the one that could change everything right away The nonsense is a pathless path that actually goes to your soul Accepting its presence defining it you realize that beyond it there is indeed a path The present moment Enjoy it The prison even if it is only metaphoric or a real one is the best place you could be but you need to understand that the only secret is that we should enjoy life and feel alive

**Where there's no path** Aiye-ko ooto,2019-03-11 For more than 337 years the world has suffered the effects of inhumanity Man against man Peoples of color from everywhere yellow brown red and black were branded and used by the imperial and colonial forces Aiye-ko ooto follows the path of history seeking redemption reparations and reintegration Some still claim the fallacy of superior white race Yes Let's go there Do we look on when some rhetoric of current day remain like those of the hateful past Is it possible for man to forgive and live together in harmony despite our grave human errors There are lessons to be learned from memories that ache and reasons to accommodate In 5 movements Our journey is short roaming the winds we're better than that in swamps and marshes and on a note of laughter Aiye-ko ooto delivers 50 pungent poems to capture the past present and future
