Stricken Field:

A Stricken Field Martha Gellhorn, 2024-05-31 Powerfully illustrates how Western societies fail in their duty to protect the most vulnerable among us stateless and homeless refugees Anne Boyd Rioux LitHub Martha Gellhorn was one of the first and most widely read female war correspondents of the twentieth century She is best known for her fearless reporting in Europe before and during WWII and for her brief marriage to Ernest Hemingway but she was also an acclaimed novelist In 1938 before the Munich pact Gellhorn visited Prague and witnessed its transformation from a proud democracy preparing to battle Hitler to a country occupied by the German army Born out of this experience *A Stricken Field* follows a journalist who returns to Prague after its annexation and finds her efforts to obtain help for the refugees and to convey the shocking state of the country both frustrating and futile A convincing account of a people under the brutal oppression of the Gestapo *A Stricken Field* is Gellhorn's most powerful work of fiction A brave final novel Its writing is quick with movement and with sympathy its people alive with death if one can put it that way It leaves one with aching heart and questing mind New York Herald Tribune The translation of Gellhorn's personal testimony into the form of a novel has force and point Times Literary Supplement *A Stricken Field* is packed with as much tension menace and dread as any contemporary thriller Julia Keller Chicago Tribune A compelling book and a moving one The New York Times *Stricken Field* Jerome A. Greene, 2014-10-22 The Little Bighorn Battlefield National Monument is the site of one of America's most famous armed struggles but the events surrounding Custer's defeat there in 1876 are only the beginning of the story As park custodians American Indians and others have contested how the site should be preserved and interpreted for posterity the Little Bighorn has turned into a battlefield in more ways than one In *Stricken Field* one of America's foremost military historians offers the first comprehensive history of the site and its administration in more than half a century Jerome A. Greene has produced a compelling account of one of the West's most hallowed and controversial attractions beginning with the battle itself and ending with the establishment of an American Indian memorial early in the twenty first century Chronicling successive efforts of the War Department and the National Park Service to oversee the site Greene describes the principal issues that have confounded its managers from battle observances and memorials to ongoing maintenance visitor access and public use *Stricken Field* is a cautionary tale Greene elucidates the conflict between the Park Service's dual mission to provide public access while preserving the integrity of a historical resource He also traces the complex events surrounding the site including Indian protests in the 1970s and 1980s that ultimately contributed to the 2003 dedication of a monument finally recognizing the Lakotas Northern Cheyennes and other American Indians who fought there *The Stricken Field* Dave Duncan, 1993 When the mad dwarf Zinixo overthrows the Empire a stableboy turned sorcerer turned king musters his conjuring friends to whip up the magic required to free their world from evil's grip **The World Wars Through the Female Gaze** Jean Gallagher, 1998 In *The World Wars Through the Female Gaze* Jean Gallagher maps one portion of the

historicized gendered territory of what Nancy K Miller calls the gaze in representation Expanding the notion of the gaze in critical discourse Gallagher situates a number of visual acts within specific historic contexts to reconstruct the wartime female subject She looks at both the female observer s physical act of seeing and the refusal to see for example a battlefield a wounded soldier a torture victim a national flag a fashion model a bombed city or a wartime hallucination Interdisciplinary in focus this book brings together visual twenty two illustrations and literary texts high and popular expressive forms and well known and lesser known figures and texts
