String Bean:

The Plant World, 1910 *Creative Clowning, Fourth Edition* Bruce Fife, Tony Blanco, Steve Kissell, Bruce Johnson, Ralph Dewey, Hal Diamond, Jack Wiley, Gene Lee, 2015-07-10

The Fourth Edition has full color photos and drawings throughout. Known as the Bible of Clowning by professional clowns, this fun-filled book goes beyond merely explaining how to perform the physical skills; it teaches the reader how to use these skills creatively to become funny and entertaining. Drawing from the combined experience and talents of eight professional entertainers and respected authors, this book provides step-by-step instructions on everything from juggling to makeup and being funny to setting up and operating a home-based entertainment business. Includes information on comedy, magic, stiltwalking, and unicycling, balloon sculpting, funny juggling, fun with puppets, silly music, balancing, buffoonery, mime, and physical comedy, makeup, and wardrobe, developing a lovable character, controlling an audience, creative use of props, how to create funny routines and gags, how to be a good comedian, and how to make a successful living as a children's entertainer. More than balloon-tying and makeup tips, this tutorial teaches the practical and business aspects of the clowning profession. The eight authors, all experts in the field, explain the how-tos of juggling, puppetry, slapstick, magic, joke telling, and stiltwalking. Even for those not aspiring to clown stardom or planning to set up their own entertainment business, this volume can be useful as a source for planning a party or special school event.

Magicians have the Tarbell Course of Magic, and now at last clowns have a source in the same caliber. It doesn't matter if you have been a clown for an hour or for years; you can learn and benefit from this book. Martin, professional clown and magician
