Testing the 613 Commandments M W Key, 2025-02-23 Embark on a thought provoking journey through the intricate tapestry of the 613 commandments meticulously explored in this groundbreaking series *Testing the 613 Commandments*. Before delving into the rich expanse of divine instructions it is crucial to understand that this series does not claim authority but invites you to engage critically encouraging independent thought and personal conclusions. Volume 2 continues this expansive exploration tackling the second set of 100 commandments. Recognizing the impracticality of condensing all 613 into a single volume the series unfolds over six parts making this spiritual odyssey accessible and digestible. Unveiling the essence of each commandment the series aims to be an insightful companion rather than a rigid guide. Have you ever felt overwhelmed by the prospect of following 613 commandments? You're not alone. The author empathizes with this sentiment and assures readers that navigating these instructions is not only manageable but a source of profound joy. By the series' conclusion you may discover that living by these divine principles enhances your spiritual journey. While the Bible doesn't explicitly mention the 613 commandments the series draws from the 12th century compilation by Rabbi Moshe ben Maimon also known as Rambam. Using his list as a foundation each commandment is scrutinized to determine its validity, contemporary relevance and alignment with the core principles of loving Elohim and loving our neighbors. Inspired by Yeshua's teachings the series categorizes each commandment into love Elohim, love people and a third category titled Not Commandments. This innovative approach provides clarity on the nature and observability of each commandment fostering a deeper understanding of their significance in today's context. As you navigate the pages of *Testing the 613 Commandments* adopt the Bereans' mindset: testing everything including this work. This series encourages you to embark on your personal exploration empowering you to form your own conclusions on the profound and timeless matter of divine commands. Open the pages, challenge your perceptions and embrace the transformative journey that awaits in *Testing the 613 Commandments*.

[Commentary on the New Testament from the Talmud and Midrash](#) Hermann Strack, Paul Billerbeck, 2023-02-01 Hermann L Strack and Paul Billerbeck's *Commentary on the New Testament from the Talmud and Midrash* originally published between 1922 and 1928 is an important reference work on understanding the New Testament in light of contemporary Jewish thought. Originally published as *Kommentar zum Neuen Testament aus Talmud und Midrasch* it has been unavailable in English until now. This first ever English translation brings the work to a new audience. The commentary walks through each New Testament book verse by verse referencing passages from the Midrash and the Talmud and showing their relevance for situating the Bible in its cultural background. While much research has been done on Second Temple Judaism since this work nothing has come close to replacing it. This is truly an essential resource for academics, students and pastors.
