The Equilibrist:

The Equilibrist The Complete Series ERASMUS. CROMWELL-SMITH,2025-03-15 What if life s hardest lessons are also its greatest gifts In The Equilibrist trilogy Erasmus Cromwell Smith a reflective professor and poet discovers that happiness resilience and genius lie within each of us waiting to be released by love humility and courage Through elegant free verse poems fables and a sweeping personal narrative Erasmus and Victoria s decades long story unfolds a youthful romance a heartbreaking separation and a triumphant reunion that leads them through unspeakable loss toward renewed hope From early revelations of The Happiness Formula to the ultimate embrace of Life s Endless Virtuous Circles The Equilibrist weaves philosophy self discovery and spiritual wonder into a warm resonant tapestry Brimming with inspiration it reminds us that each ending births a new beginning and that true Joy is found in devoting our minds and hearts to life s most luminous possibilities The Story Behind the Creation of the First Volume of The Equilibrist Series Sometimes timely gifts come in minute packages I sincerely hope this holds true for The Equilibrist series In particular I feel compelled to share the story of how the first volume came to life as it portrays the many shades of the human condition The art behind this book s creation transcends anecdotal tribulations circumstances or environment While these elements are compelling and worth exploring they remain a tale yet to be told Instead this story was shaped not by the where what or who but by something far more profound and deeply personal This magical scribble became art because of how it unfolded as if guided by something beyond rational thought driven solely by my raw unfiltered essence The Equilibrist is deeply personal to me because unintentionally it allowed me to express myself through written words in a way I had always dreamed of It is the book I had always wanted to write the checkmark on my bucket list Write a meaningful book Regardless of how it resonates with others the journey of creating it was a once in a lifetime experience Its completion brought immense personal satisfaction as I realized that feelings dreams and wisdom had fused seamlessly with words transforming into pure and simple art It all began with small poems and short essays that I would visualize in my mind sometimes just a word or a phrase and other times an entire idea There was no pattern or deliberate effort I couldn t always discern the stimuli behind these inspirations It was simply my reaction to life as it unfolded before me filtered through the magnifying lens of my beliefs and experiences Over three years these writings accumulated into a pile As I revisited them I realized they weren t random musings but rather a tapestry forming a full life cycle addressing profound themes and subjects that reflected my perception of life s journey

The Equilibrist Robert Buffington,1967 *The Equilibrist; a Study of John Crowe Ransom's Poems, 1916-1963* Robert Buffington,1967 [The Equilibrist](#) Andrew Salomon,2017-05-08 On the first night the Circus Basilisk spends outside the Northern England town of Kirkholme aspiring tightwire performer Flynn Oakley finds out just how easily his hard earned and well balanced world can fall apart Falsely accused of a monstrous crime and forced to flee from his adoptive home Flynn becomes the first person to run away from the circus Finding himself hunted by a devious cabal formed by the candy butcher

a family of aerialists called The Flying Gremaldis and the sinister crow like Raffin Flynn has to trust in unlikely alliances to try and save the only place he has ever called home And even though he has found shelter inside a subterranean network of tunnels and caverns under the nearby Bleaks a desolate high moor on the other side of the fell that looms over the circus camp something else also inhabits this netherworld and Flynn is yet to discover if it is friend or foe *The Equilibrist III*

Erasmus Cromwell-Smith,2019-09-10 In *The Equilibrist III* professor Cromwell Smith through the mantle of poetry takes his students one last time to his past through subjects of profound existential meaning like forgiveness virtue coherence resilience reciprocity curiosity serenity and joy among others **The Equilibrist Part Two: Geniality /Erasmus**

Cromwell-Smith II. Erasmus Cromwell-Smith (II),2019 In this spellbinding sequel art and poetry are weaved into professor Erasmus Cromwell Smith s memorable recollection of his life s story Once more deviating from curriculum he takes his students back to the passionate period in time when while studying at Harvard he live together with the love of his life Victoria Emerson Lloyd The young couple meets book antiquarians throughout New England who become lifelong mentors sharing with them the ancient writings filled with timeless wisdom and magic **The Equilibrist** Erasmus

words transforming into pure and simple art *The Equilibrist II: Part II: Geniality* Erasmus Cromwell-Smith,2019-01-15 In this spellbinding sequel art and poetry are weaved into professor Erasmus Cromwell Smith's memorable recollection of his life's story Once more deviating from the curriculum he takes his students back to the passionate period in time when while studying at Harvard he lived together with the love of his life Victoria Emerson Lloyd The young couple meets book antiquarians throughout New England who become lifelong mentors sharing with the young couple ancient writings filled with timeless wisdom and magic [Magic in Life](#) Erasmus Cromwell-Smith II,2021-09-03 In this third book of The Equilibrist series Professor Cromwell Smith through the mantle of poetry takes his students one last time to his past through subjects of profound existential meaning like forgiveness virtue coherence resilience reciprocity curiosity serenity and joy among others The eminent pedagogue revisits the long period of his life when Victoria Emerson Lloyd the love of his life and him were apart and the real reasons why she left him in the first place The fourth and final book of The Equilibrist series Poetry in Equilibrium will be published in the fall Professor Erasmus Cromwell Smith returns to the Cambridge lecture hall to regale his students with stories memories ancient scribbles with topics ranging from adversity resilience forgiveness reciprocity inspiration and joy showcasing life's pursuit of happiness and the ultimate joy he's found reuniting with the love of his life whether watching a sunrise at a Nantucket beach or reclining in the comfort of their campus home complete with Chesterfields hot tea the detailed settings spark conversations about when Erasmus and Victoria were separated the expressive dialogue captures the loving demeanor of the cultured pair Those open to the magic of life's possibilities will surely find this enjoyable reading Blueink Review The dedicated university Professor Cromwell Smith creates an ingenious method of making poetry and timeless wisdom come to life for his students through the medium of his own life story Magic in Life brings a series honoring two unusual gifted people and their abiding love to a satisfying close testifying to the power of story to transmit timeless wisdom and to the ability of art and beauty to provide balance in stormy times Clarion review I'd have to say that The Equilibrist is perhaps the most inspirational intellectually emotionally rewarding book I've ever performed Daniel Dorse the voice behind The Equilibrist series audiobooks **Acrobats and Mountebanks** Hugues Le Roux,Jules Garnier,2022-09-04 In *Acrobats and Mountebanks* Hugues Le Roux offers readers a meticulous deep dive into the exhilarating world of performers who have long captivated audiences with their daring feats and deft maneuvers With co-author Jules Garnier Le Roux captures the essence of these entertainers in a rich tapestry of descriptive prose bringing to life their trials tribulations and triumphs This carefully recreated edition by DigiCat Publishing breathes new life into a classic text ensuring its themes are preserved within our collective literary heritage The text not only recounts vivid narratives but also examines the broader cultural significance of these performers within historical and sociological contexts thereby accentuating its place within world literature as a pivotal examination of a once ubiquitous entertainment form Hugues Le Roux a formidable figure in the annals of literature possessed a profound fascination with the spectacle and drama inherent

in human skill and endurance His passion and respect for the performative arts are evident throughout this seminal work The experiences and insights he gained throughout his life provided a solid foundation for the vivid portrayal of the unique lives of acrobats and mountebanks This background coupled with Garnier s illustrations enabled Le Roux to create a narrative that is as engaging as it is informative capturing the zeitgeist of another era s entertainment scene Readers with an interest in performance history cultural studies or the evocation of the spirited days of traveling performers will find *Acrobats and Mountebanks* a fascinating read This edition with its modern formatting paired with the authors classic insight offers a compelling look into the hearts and minds of entertainers whose legacies persist in the echoes of today s performances DigiCat s commitment to preserving and acknowledging the profundity of such literary works ensures that this book remains not just a nostalgic glance back but a source of inspiration and understanding for the arts that continue to enrich the human experience

360° Circus Franziska Trapp,2023-06-01 This collection aims to map a diversity of approaches to the artform by creating a 360 view on the circus The three sections of the book Aesthetics Practice Culture approach aesthetic developments issues of artistic practice and the circus role within society This book consists of a collection of articles from renowned circus researchers junior researchers and artists It also provides the core statements and discussions of the conference UpSideDown Circus and Space in a graphic recording format Hence it allows a clear entry into the field of circus research and emphasizes the diversity of approaches that are well balanced between theoretical and artistic point of views This book will be of great interest to students and scholars of circus studies emerging disciples of circus and performance

Marx,2011-10-27 The works of Karl Leonhard Reinhold 1757 1823 were a major factor in the development of post Kantian philosophy yet his exact contribution is still under discussion This book investigates how Reinhold s background in Enlightenment influenced his reception of Kant s critical philosophy From his pre Kantian efforts up to the point where he began distancing himself from the master Reinhold s own philosophical development takes center stage This development rather than critical philosophy was the main ingredient of Reinhold s contribution to post Kantian philosophy [Life and Letters](#) ,1928 *The Myth of 1648* Benno Teschke,2003 The Treaty of Westphalia in 1648 is widely interpreted as the foundation of modern international relations Benno Teschke exposes this as a myth In the process he provides a fresh re interpretation of the making of modern international relations from the eighth to the eighteenth century Inspired by the groundbreaking historical work of Robert Brenner Teschke argues that social property relations provide the key to unlocking the changing meaning of international across the medieval early modern and modern periods He traces how

the long term interaction of class conflict economic development and international rivalry effected the formation of the modern system of states Yet instead of identifying a breakthrough to interstate modernity in the so called long sixteenth century or in the period of intensified geopolitical competition during the seventeenth century Teschke shows that geopolitics remained governed by dynastic and absolutist political communities rooted in feudal property regimes The Myth of 1648 argues that the onset of specifically modern international relations only began with the conjunction of the rise of capitalism and modern state formation in England Thereafter the English model caused the restructuring of the old regimes of the Continent This was a long term process of socially uneven development not completed until World War I
