The Fall Of Khrushchev:

The Fall of Khrushchev William George Hyland, 1968 *The Fall of Khrushchev* William Hyland, Richard Wallace Shryock, 1968 **The Fall of Khrushchev** Columbia University. Research Institute on Communist Affairs, 1979 Soviet Union Since the Fall of Khrushchev Michael Kaser, Archie Brown, 1977-12-08 Khrushchev's Cold War Aleksandr Fursenko, Timothy Naftali, 2010-10-25 Contains unsettling insights into some of the most dangerous geopolitical crises of the time *The Economist* This acclaimed study from the authors of *One Hell of a Gamble* brings to life head to head confrontations between the Soviet premier Nikita Khrushchev and Presidents Eisenhower and Kennedy Drawing on their unrivaled access to Politburo and KGB materials Aleksandr Fursenko and Timothy Naftali combine new insights into the Cuban missile crisis as well as startling narratives of the contests for Suez Iraq Berlin and Southeast Asia with vivid portraits of leaders who challenged Moscow and Washington Khrushchev's Cold War provides a gripping history of the crisis years of the Cold War

The Decline and Fall of Soviet Empire Fred Coleman, 1996 Red Coleman A Moscow correspondent for the Associated Press Newsweek and U S News and World Report has spent over thirty years gathering observations and experiences to produce this in depth up close definitive examination of the fall of the Soviet Union and the people and events that contributed essentially to its demise From the Kremlin Palace coup against Nikita Khrushchev in 1964 to the invasion of Czechoslovakia and the emergence of the Soviet dissident movement during Leonid Brezhnev's rule to the rise and fall of Mikhail Gorbachev and Boris Yeltsin's troubled presidency through 1995 Coleman was the man on the scene for virtually every defining event of Russian history in the postwar era The Soviet Union Since the Fall of Khrushchev Archie Brown, Michael Charles Kaser, 1978 **The Fall of Khrushchev** Seweryn Bialer, Richard Löwenthal, Zbigniew Zbigniew, 1964 **Unpersoned** Martin Page, David Burg, 1966 **The Cold War Reference Guide** Richard Alan Schwartz, 2015-09-17 For over forty years much of the world was held captive by a conflict between two wholly incompatible economic ideologies capitalism and communism and the two primary superpower countries who practiced them the United States and the Soviet Union Written in accessible language for readers with little or no previous knowledge about the subject this work is first a general history of the Cold War with an overview of its root causes and the policies and theories that were in place from 1947 through 1990 A thoroughly annotated chronology of important Cold War events follows Short biographies of some of the major United States political figures and world leaders conclude the work The Soviet Union Since the Fall of Khrushchev Archibald Haworth Brown (ed), 1975 The Fall of Khrushchev, 1964 **The Politics of Soviet Agriculture, 1960-1970** Werner G. Hahn, 1972 Study of the agricultural policy issues in the USSR which gave rise to political problems and disputes among prominent soviet political leadership figures during the decade from 1960 to 1970 covers politics and agricultural development during the khrushchev period resource allocation of funds for agriculture the role of local level politicians in policy formation the influence of agricultural interest groups in the post khrushchev era etc

Maps and references The Private World of Soviet Scientists from Stalin to Gorbachev Maria Rogacheva,2017-07-10 Rogacheva sheds new light on the complex transition of Soviet society from Stalinism into the post Stalin era Using the case study of Chernogolovka one of dozens of scientific towns built in the USSR under Khrushchev she explains what motivated scientists to participate in the Soviet project during the Cold War Rogacheva traces the history of this scientific community from its creation in 1956 through the Brezhnev period to paint a nuanced portrait of the living conditions political outlook and mentality of the local scientific intelligentsia Utilizing new archival materials and an extensive oral history project this book argues that Soviet scientists were not merely bought off by the Soviet state but that they bought into the idealism and social optimism of the post Stalin regime Many shared the regime s belief in the progressive development of Soviet society on a scientific basis and embraced their increased autonomy material privileges and elite status Soviet Policy as Reflected by Nikita Khrushchev's Rhetoric at the Twenty-second Communist Party Congress, 1961 Robert E. Pruett,1970 **The Presidency of John F. Kennedy** James N. Giglio,2006 The presidency of John F Kennedy continues to fascinate even as it also continues to inspire heated debates between admirers and detractors of Camelot s fallen king Now readers can gain a new appreciation of JFK in this thoroughly revised and updated edition of James Giglio s bestselling study widely acclaimed as the best and most balanced book on JFK s White House years Giglio incorporates the voluminous archival materials made available in the last fifteen years including the declassified documents on crucial foreign policy affairs and White House medical records that contradict the image of Kennedy s youth and vigor He stresses the extent to which domestic and foreign policies were interconnected at a time when the Cold War dominated national life and reveals his new appreciation for JFK s prudence in his handling of such enormous challenges as the Cuban missile crisis and the emerging war in Vietnam Giglio shows Kennedy to be the most medicated one of the most courageous and perhaps the most self absorbed of our presidents He reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from Marilyn Monroe and socialite Florence Pritchett to low level White House employees and even virtual strangers Surveying this field of conquest Giglio suggests that JFK s sexual obsession could easily have affected his presidency even more during a second term His work also amplifies coverage of key issues like civil rights the Cuban missile crisis and Vietnam and reevaluates many of the questions surrounding the assassination maintaining that even with the existence of a conspiracy still doubtful the case is far from closed Like the first edition this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that despite his undeniably brief tenure in office the state of the nation actually did improve on Kennedy s watch Featuring an expanded bibliographical essay and twenty two photos from the JFK library The Presidency of John F Kennedy remains the definitive appraisal of Camelot s kingdom

Cosmonaut Cathleen S. Lewis,2023-08-08 Examining material and cultural representations of the cosmonaut program Cathleen Lewis discusses how the public image of the Soviet cosmonaut developed beginning in the 1950s and the ways this

icon has been reinterpreted throughout the years and in contemporary Russia **The Real Making of the President** W. J. Rorabaugh, 2009 When John Kennedy won the presidency in 1960 he also won the right to put his own spin on the victory Rorabaugh cuts through the mythology of this election to explain the operations of the campaign and offer a corrective to Theodore White's flawed classic *The Making of the President* **A History of Russia, the Soviet Union, and Beyond** David MacKenzie, Michael W. Curran, 2002 In this revision of their best selling book MacKenzie and Curran present a clear and objective account of the history of Russians and other eastern Slavs from its beginnings in ancient Rus to the demise of the Soviet Union and most recently the Putin presidency Acclaimed in the field for its clarity comprehensiveness and accuracy the text balances social cultural history with political history The authors approach weaves the external geographic determinism of the Eurasian school and the organic inner oriented approach of Russian historians [Making the World Safe for Democracy](#) Amos Perlmutter, 2000-11-09 In this interpretive study Amos Perlmutter offers a comparative analysis of the twentieth century's three most significant world orders Wilsonianism Soviet Communism and Nazism Anchored in three hegemonial states the United States the Soviet Union and Nazi Germany these systems he argues shared certain characteristics that distinguished them from other attempts to restructure the international political scene While Communism and Nazism were committed to imperial ideologies Wilsonianism was inspired by an exceptionalist peaceful democratic and free market world order But all three were able to mobilize industrial technological and military resources in pursuing their goals In the process of examining the democratic Communist and Nazi systems Perlmutter also provides a framework for understanding U S foreign policy over the course of the century particularly during the Cold War He underscores the importance of ideology in establishing an international order arguing that in the wake of the Soviet Union's demise no system not even Wilsonianism can lay claim to the title of new world order Originally published in 1997 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
