## **The Jesus Koans:**

**The Jesus Koans** Kim Michaels,2011-10 Was Jesus a Zen Master Jesus often made statements or posed questions similar to the koans used by Zen Buddhists For example He who is without sin among you let him cast the first stone The purpose of a koan is to confound the intellect and get people to think outside the box The book The Jesus Koans by Kim Michaels seeks to give people a new look at the inner teachings of Jesus The book s idea is simple Imagine how Jesus might use koans to help us face the spiritual challenges in today s world The result is a collection of over 475 snappy koans some hilarious some profound and some a bit provocative Here are some samples from the book I am with you always Which part of always don t you understand Jesus Love your neighbor as yourself So make sure you love yourself Jesus Thy sins be forgiven thee Unfortunately many people consider it a blank check Jesus Scientists say randomness produced an orderly universe What s the chance of that happening Jesus There s only one true religion It s the religion of unconditional love Forget about the rest Jesus I and my Father are one Join us Jesus

[The Koans of Jesus](#) Sweers,2017-11-10 In Junior High I memorized the Sermon on the Mount I was bored in a church membership class and wanted a challenge I had little concern for what the words meant That changed in the mid 1990 s after I had attended a number of intensive Buddhist retreats in the Vipassana tradition I was struck by the similarity between some of Jesus s words in the Sermon on the Mount and the teachings of Buddha Thus began a project now decades long of attempting to integrate the two The result is this little book

LUCE,2025-02-18 Have you ever noticed the striking similarity between the parables of Jesus and Zen koans Both through enigmatic and paradoxical stories invite us to question our certainties and embark on an inner journey towards the discovery of truth This fascinating book explores the common ground between Christianity and Zen illuminating how parables and koans while rooted in different spiritual traditions share a core of universal wisdom Through a comparative analysis the book reveals how Jesus and Buddha while operating in different cultural contexts both used evocative narratives to awaken awareness in their disciples Parables with their immediacy and symbolic language and koans with their seemingly illogical and provocative nature become powerful tools to dismantle our habitual categories of thought and lead us towards a deeper understanding of reality In this book you will discover The essence of the Gospel parables and Zen koans and their role in guiding the spiritual seeker towards enlightenment The points of contact between the message of Jesus and the teachings of Buddha highlighting how both invite us to love compassion and detachment from material possessions A comparative analysis of specific parables and koans to reveal their symbolic richness and hidden meaning How the age old wisdom of these narratives can still illuminate our personal path today and help us live a fuller and more conscious life Who is this book for For those interested in interreligious dialogue and the search for common ground between different spiritual traditions For scholars of Christianity and Buddhism who wish to deepen their understanding of parables and koans For those on a spiritual journey and seeking inspiration and tools for their personal growth For anyone fascinated by the power of stories and their ability to transform our lives Let yourself be surprised by the resonance between parables and koans and embark on an inner journey that will change you forever     *Come to the Quiet* John Michael Talbot,2002 A highly successful Christian recording artist and renowned thinker in the Catholic Church examines the rich tradition of meditation and contemplation deeply embedded within the center of Christianity providing strong exercises for unleashing the spiritual psychological and physical health benefits of meditation Original     **The Blackwell Companion to Consciousness** Max Velmans,Susan Schneider,2008-04-15 With fifty five peer reviewed chapters written by the leading authors in the field The Blackwell Companion to Consciousness is the most extensive and comprehensive survey of the study of consciousness available today Provides a variety of philosophical and scientific perspectives that create a breadth of understanding of the topic Topics include the origins and extent of consciousness different consciousness experiences such as meditation and drug induced
