Theory Of Morals

Sebastian Brünink

Theory Of Morals:

Theory of Morals Richard Hildreth,1844 *The Theory of Morality* Alan Donagan,1977 Let us nominate this the most important theoretical work on ethical or moral theory since John Rawls s Theory of Justice If you have philosophical inclinations and want a good workout this conscientious scrutiny of moral assumptions and expressions will be most rewarding Donagan explores ways of acting in the Hebrew Christian context examines them in the light of natural law and rational theories and proposes that formal patterns for conduct can emerge All this is tightly reasoned the argument is packed but the language is clear Christian Century The man value of this book seems to me to be that it shows the force of the Hebrew Christian moral tradition in the hands of a creative philosopher Throughout the book one cannot but feel that a serious philosopher is trying to come to terms with his religious moral background and to defend it against the prevailing secular utilitarian position which seems to dominate academic philosophy Bernard Gert Journal of Medicine and Philosophy

The Theory of Morals Edgar Frederick Carritt,1928 *Moral Theory* Mark Timmons,2013 Overview What makes an action right or wrong Why is something good or bad How does one make moral decision about what is right and good These are among the main questions in ethics that are the subject of moral theory This book explores some of the most historically important and currently debated moral theories about the nature of the right and good After introducing students in the first chapter to some of the main aims and methods of evaluating a moral theory the remaining chapters in this book are devoted to an examination of various moral theories including the divine command theory moral relativism natural law theory Kant s moral theory moral pluralism virtue ethics and moral particularism Providing an introduction to moral theory that explains and critically examines the theories of such classical moral philosophers as Aristotle Aquinas Kant Bentham Mill and Ross this book acquaints students with the work of contemporary moral philosophers The Theory of Morals E F (Edgar Frederick) Carritt,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Theory of Morals and Origin of Language** ,1871 **The Theory of Morals** Edgar Frederick Carritt,1928 *The Theory of Morals* Paul Janet,1883 **An Examination of the Utilitarian Theory of Morals** Francis Robert Beattie,1885 *A Colloquy on the Utilitarian Theory of Morals Presented in Mr. W.
