Someone Out There Is Listening Ed Petkus,2009-12-08 Someone Out There is Listening tells the story of Eddie Hazell a jazz guitar player and vocalist with a unique style unmatched in the last half century Hazell had a combination of good looks skills and style He was a 50s guy heady hopeful and a believer in the system even though it didn't always work for him As a rising star Hazell had great bookings across the country and Canada He was compared to some of the top stars in the music business columnists and critics gave him solid reviews and high praise for his performances and disc jockeys played his recordings and were eager for more People who knew him had no doubt that he would make the big time it was only a matter of when Eddie Hazell's story is about the times and the vicissitudes of the music business and what it took to accomplish one's goals Eddie strove not only for success but to persevere during bad times and personal hardships while still maintaining artistic integrity and enjoyment of life Eddie Hazell went the full mile he didn't leave anything out The celebrated music producer George Martin once said The music business is littered with shooting stars that burned out So pace yourselves it's not a sprint It is more like a marathon Remember you have to keep running Eddie Hazell's life is a musical marathon reading about it is like running with him and the many other runners in his field *California.
