[Wish I Were Here](#) Melissa Wiesner,2024-10-15 In this witty and charming love story perfect for fans of Sophie Cousens Ashley Poston and Josie Silver a buttoned up math professor is forced to rely on her carefree doorman when her identity mysteriously disappears Catherine Lipton carefully calculates everything

and not just because she's a math professor. She had a chaotic childhood growing up with a free-spirited single dad. So now from her daily to-dos to her afternoon snacks, Catherine has a plan for it all. But sometimes she wishes she could be someone else, someone with a totally different life. Until suddenly her entire identity, from her Social Security number to her driver's license to her academic record, mysteriously disappears. There's no evidence Catherine Lipton ever existed. With no ID and no other options, Catherine reluctantly accepts help from her exasperatingly laid-back and infuriatingly attractive doorman, Luca Morelli. Before long, by the books, Catherine finds herself bending all the rules with the charismatic Luca, from taking meetings in smoky bars to breaking into hospital record rooms and having a surprising amount of fun. As Catherine unravels the truth behind her identity's disappearance, she may discover that the real Catherine has been missing for a lot longer than she realized.

Financial Evolution Eric J. Morin, 2020-04-28 WHY AREN'T YOU WEALTHY YET? As the founder and CEO of Tower Leadership, Eric J. Morin has helped thousands of entrepreneurs transform their businesses, consultancies, and practices into passive income streams. That work has given him an unprecedented understanding of wealth: what it is and how to get it. Now Morin is putting his discoveries in print, offering paradigm-shifting insight into the rat race we're all running and the prize that sits beyond the finish line. With direct clarity and unbridled passion, Morin takes us through the five stages of wealth development. He discusses fallacies around salaries, the wrench in retirement planning, the virtues and dangers of risky acquisitions, and the strategies that we can implement in order to seize back control of our lives, to stabilize our finances, make our time our own, and fill our futures with meaning. Ultimately, what we have here is more than a book about finance or business. It's a book about life and how to live it.
