## **Therese Neumann:**

*The Story of Therese Neumann* Albert Paul Schimberg, 2022-11-08 On Thursday night March 4 1926 in the town of Konnersreuth Bavaria a young peasant woman named Therese Neumann lay in bed very weak and ill of what had been diagnosed as influenza Suddenly she saw Christ in the Garden of Gethsemane I saw Him kneeling on the ground and I saw everything else in the garden the trees the rocks and also the three disciples All at once I felt such vehement pain in my side that I thought my last moment had come Then I felt something running down my body It was blood Thus did the stigmata come to Therese Neumann Then in September 1927 she began a total abstinence From that time forward she neither ate nor drank In the thirty five years since 1927 the world has learned of this mystic and her ecstasies of her stigmata and her total abstinence through books and newspaper articles and the reports of visitors to Konnersreuth Here is a summary account of her extraordinary life

**The Story of Therese Neumann** Albert Paul Schimberg, 2008-06-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

Therese Neumann Adalbert Albert Vogl, 1987 The life and remarkable gifts of Therese Neumann 1898 1962 who bore the stigmata from 1926 to 1962 and suffered the Passion of Jesus on Fridays She went without food and drink save Communion for 26 years Also tells of her visions language phenomena mystical recognition of the Holy Eucharist of priests priestly blessings and relics her bilocation and other mystical gifts Twenty pictures in color and over 50 in black and white Impr 290 pgs 25 color Illus 20 b PB

*The Visions of Therese Neumann* Johannes Steiner, 2012-03-01 This book reveals Therese s visions and stigmata along with some biographical data and explanations This work is a studied apology for the mystical phenomena which occurred in the life of Therese The author shows that mystical experiences while outside the realm of usual rational expectations are well within the realm of God s way He views Therese s experience as a divine mission given to her by God as a first line of defense against modern exaggerated rationalism which does away with religion and forces us to sheer materialism The author Johannes Steiner was introduced to Therese Neumann in 1929 and has maintained unbroken and close contact with Konnersreuth ever since After the war it was possible for him to even intensify his connections since his professional needs as one of Europe s foremost publishers brought him into the neighborhood of Konnersreuth several times a year and frequently for rather extensive visits Thus he had an opportunity to speak with Therese Neumann herself and to acquire first hand information to correct or round out the work of her first biographer Dr Fritz Gerlich He is probably the best living expert on the subject of Therese Neumann

*Therese Neumann* Friedrich Ritter Von Lama, 2023-11-14 All possible means are resorted to in an effort to discredit the phenomena of Konnersreuth to silence the voices which speak of a Divine Hand at work there Despite all of this the phenomena continue to take place as hitherto

Therese Neumann was a simple girl born to good Catholic parents in an obscure village of Catholic Bavaria Yet God would call her to make known the sacred passion of Christ in her person After an accident that should have killed her she was miraculously healed and received cures for her blindness and atrophied limb But more than all of these she shed tears of blood and bore the wounds of Christ visibly in her body Therese Neumann a Stigmatist of Our Day is a contemporary account of her life sufferings and miracles Friedrich von Lama faithfully records her cures and visions and defends the miraculous occurrences from the skeptics with logic and reason without falling into an overly pietistic hagiography He addresses the claims of science which was bent on discrediting her and provides facts verified by thousands of witnesses to present her life story in a way that will move the reader to the very depths of his soul Just the same the author is careful not to anticipate a judgment of the Church in her regard In this book you will learn the teaching of the Church on mystical phenomena her devotion to St Therese of Lisieux the miracles God provided the young stigmatist the nature of her stigmata and devotion to the passion of Christ her miraculous visions and living on the Eucharist
