Wilson's War:

Wilson's War Jim Powell, 2007-12-18 The fateful blunder that radically altered the course of the twentieth century and led to some of the most murderous dictators in history President Woodrow Wilson famously rallied the United States to enter World War I by saying the nation had a duty to make the world safe for democracy But as historian Jim Powell demonstrates in this shocking reappraisal Wilson actually made a horrible blunder by committing the United States to fight Far from making the world safe for democracy America's entry into the war opened the door to murderous tyrants and Communist rulers No other president has had a hand however unintentional in so much destruction That's why Powell declares Wilson surely ranks as the worst president in American history Wilson's War reveals the horrifying consequences of our twenty eighth president's fateful decision to enter the fray in Europe It led to millions of additional casualties in a war that had ground to a stalemate And even more disturbing were the long term consequences consequences that played out well after Wilson's death Powell convincingly demonstrates that America's armed forces enabled the Allies to win a decisive victory they would not otherwise have won thus enabling them to impose the draconian surrender terms on Germany that paved the way for Adolf Hitler's rise to power Powell also shows how Wilson's naiveté and poor strategy allowed the Bolsheviks to seize power in Russia Given a boost by Woodrow Wilson Lenin embarked on a reign of terror that continued under Joseph Stalin The result of Wilson's blunder was seventy years of Soviet Communism during which time the Communist government murdered some sixty million people Just as Powell's FDR's Folly exploded the myths about Franklin Roosevelt and the New Deal Wilson's War destroys the conventional image of Woodrow Wilson as a great progressive who showed how the United States can do good by intervening in the affairs of other nations Jim Powell delivers a stunning reminder that we should focus less on a president's high minded ideals and good intentions than on the consequences of his actions A selection of the Conservative Book Club and American Compass *Charlie Wilson's War* George Crile, 2003 Recounts the events surrounding the last battle of the Cold War and discusses how those events fueled the new jihad and led to the rise of militant Islam *Enduring the Freedom* Sean M.
