Wind In A Jar:

The Wind in a Jar John R. Farella, 1993 This is a book about anthropology and particularly about doing it among the Navajo It is ultimately a book about knowing and thinking about people and their experiences but at its most basic level it is a book of stories about some Navajo people their families and some of their experiences To introduce these stories the author tells us a good deal about his own experiences in his profession anthropology When he is talking about Navajo people we experience their humanity and his all of it in a remarkably direct prose style An incredibly powerful book that is also a critique of contemporary American society and Western thought
