**Danish Cookbooks** Carol Gold, 2007 Cookbooks tell stories They open up the worlds in which the people who wrote and read them once lived In the hands of a good historian cookbooks can be shown to contain the markings of political social and ideological changes that we conventionally locate outside the kitchen Cookbooks allow us to trace the course of empires of social roles and of new nations over time DANISH COOKBOOKS draws from three hundred years of Danish cookbooks to trace the growth of a bourgeois consciousness the development of domesticity and gendered spheres and the evolution of nationalism and a specific Danish identity from the early seventeenth to the beginning of the twentieth century Like all prescriptive literature cookbooks do not merely reflect the changes of the day but also constitute them Historian Carol Gold reads recipes and cooking instructions for what they can tell us about literacy levels division of labour in the kitchen and in society and changes in the gendered aspects of publishing and using cookbooks Gold explores the authors instructions for economic and hygienic housekeeping and their sentiments about Danish identity as spelled out in dishes and spices Just as the Danish nation would manage the body politic so women were exhorted to manage the house and ensure the family's physical and moral health Through the pages of cookbooks in recipes menus and table settings we can chart the growth of a nationalist Denmark and track the development of what it means to be a Dane Written with the ease of a veteran historian and in an accessible and engaging style DANISH COOKBOOKS will appeal to scholars in Scandinavian studies as well as in gender and women's studies It will also appeal to non academic readers interested in historical aspects of Danish nationalism and identity women's social history and cookbooks and cooking

**Food, Language, and Society** Natsuko Tsujimura, 2023-02-15 Food Language and Society Communication in Japanese Foodways examines the language of food in Japanese through the lens of cognitive science and cultural studies to explore intriguing ways in which language food

and culture interact in the fabric of Japanese society The questions of how where and by whom food and food experiences are described provide abundant opportunities for investigating relationships between language and culture from multi disciplinary perspectives Linguistic analysis of the language of food enables us to understand cognitive information that motivates and influences people s rhetorical choices on foodways Detailed discussions reveal that loanwords mimetics cooking terms and metaphors serve as lynchpins to enrich the expressive power of the language of food Food discourse situated in broader social and cultural contexts also reflect social norms and cultural practices deeply embedded within and beyond our gustatory and culinary life Food narratives as in cookbooks and advertisements are an informative means for virtual interpersonal communication where individual and group identity is indexed providing a platform for reexamination of gender and other social norms as response to changes in society Examined from the interaction of linguistic and sociocultural perspectives Food Language and Society illuminates the form use and social meaning of the language of food
