Experiential Learning David A. Kolb, 2015 Experiential learning is a powerful and proven approach to teaching and learning that is based on one incontrovertible reality people learn best through experience Now in this extensively updated book David A Kolb offers a systematic and up to date statement of the theory of experiential learning and its modern applications to education work and adult development Experiential Learning Second Edition builds on the intellectual origins of experiential learning as defined by figures such as John Dewey Kurt Lewin Jean Piaget and L S Vygotsky while also reflecting three full decades of research and practice since the classic first edition Kolb models the underlying structures of the learning process based on the latest insights in psychology philosophy and physiology Building on his comprehensive structural model he offers an exceptionally useful typology of individual learning styles and corresponding structures of knowledge in different academic disciplines and careers Kolb also applies experiential learning to higher education and lifelong learning especially with regard to adult education This edition reviews recent applications and uses of experiential learning updates Kolb s framework to address the current organizational and educational landscape and features current examples of experiential learning both in the field and in the classroom It will be an indispensable resource for everyone who wants to promote more effective learning in higher education training organizational development lifelong learning environments and online

Stories from Exceptional Language Learners Who Have Achieved Nativelike Proficiency Katarina Mentzelopoulos, Zoltán Dörnyei, 2022-10-25 It is generally understood that most language learners beyond a certain age are unlikely to ever reach nativelike proficiency in their second language However there exists a unique population of gifted adult learners who do triumph against all odds and achieve nativelike proficiency and their learning experiences have thus far remained a largely untapped gold mine The companion to Lessons from Exceptional Language Learners Who Have Achieved Nativelike Proficiency this volume presents the autobiographical learning stories of 30 such exceptional individuals opening a narrative window into their learning experiences This rich corpus of success stories reveals the many steps of these language learning journeys and the learners pathways to success A fascinating and readable collection of personal stories this volume will be of interest to non specialist language learners as a motivational primer for their own studies as well as researchers working in language learning psychology who will find the unique database of learner narratives a useful tool for future research

**Five Levers to Improve Learning** Tony Frontier, James Rickabaugh, 2014-01-08 Why have decades of school reform had so little measurable effect on student achievement Why have billions of dollars spent on technology small school initiatives and school choice options failed to improve our schools Too often educators are simply pulling the wrong levers say Tony Frontier and James Rickabaugh They explain that the various components of schooling fall into five categories structure sample standards strategy and self Understanding how these five levers work and their relative power can help unlock the potential for lasting improvements in teaching and learning The authors show readers that

changes to structure and sample how schools are organized and how students are grouped will not be effective without changes to standards expectations for student learning strategy instructional strategies to engage students in meaningful learning and self the set of beliefs teachers and students have about their capacity to be effective At the heart of this book is a simple message for teachers administrators board members and education policymakers at all levels the key to success is not doing more work and making more changes but doing the right work and making the right changes
