The Exiles Christina Baker Kline, 2020-08-25 AN INSTANT NEW YORK TIMES BESTSELLER OPTIONED FOR TELEVISION BY BRUNA PAPANDREA THE PRODUCER OF HBO S BIG LITTLE LIES A tour de force of original thought imagination and promise Kline takes full advantage of fiction its freedom to create compelling characters who fully illuminate monumental events to make history accessible and forever etched in our minds Houston Chronicle The author of the 1 New York Times bestseller Orphan Train returns with an ambitious emotionally resonant novel about three women whose lives are bound together in nineteenth century Australia and the hardships they weather together as they fight for redemption and freedom in a new society Seduced by her employer s son Evangeline a na ve young governess in early nineteenth century London is discharged when her pregnancy is discovered and sent to the notorious Newgate Prison After months in the fetid overcrowded jail she learns she is sentenced to the land beyond the seas Van Diemen s Land a penal colony in Australia Though uncertain of what awaits Evangeline knows one thing the child she carries will be born on the months long voyage to this distant land During the journey on a repurposed slave ship the Medea Evangeline strikes up a friendship with Hazel a girl little older than her former pupils who was sentenced to seven years transport for stealing a silver spoon Canny where Evangeline is guileless Hazel a skilled midwife and herbalist is soon offering home remedies to both prisoners and sailors in return for a variety of favors Though Australia has been home to Aboriginal people for more than 50 000 years the British government in the 1840s considers its fledgling colony uninhabited and unsettled and views the natives as an unpleasant nuisance By the time the Medea arrives many of them have been forcibly relocated their land seized by white colonists One of these relocated people is Mathinna the orphaned daughter of the Chief of the Lowreenne tribe who has been adopted by the new governor of Van Diemen s Land In this gorgeous novel Christina Baker Kline brilliantly recreates the beginnings of a new society in a beautiful and challenging land telling the story of Australia from a fresh perspective through the experiences of Evangeline Hazel and Mathinna While life in Australia is punishing and often brutally unfair it is also for some an opportunity for redemption for a new way of life for unimagined freedom Told in exquisite detail and incisive prose *The Exiles* is a story of grace born from hardship the unbreakable bonds of female friendships and the unfettering of legacy **The**

Seraphita. Jesus Christ in Flanders. The exiles Honoré de Balzac, 1896 **The Exile Mission** Anna D.

Jaroszyńska-Kirchmann, 2004-10-15 At midcentury two distinct Polish immigrant groups those Polish Americans who were descendants of economic immigrants from the turn of the twentieth century and the Polish political refugees who chose exile after World War II and the communist takeover in Poland faced an uneasy challenge to reconcile their concepts of responsibility toward the homeland The new arrivals did not consider themselves simply as immigrants but rather as members of the special category of political refugees They defined their identity within the framework of the exile mission an

unwritten set of beliefs goals and responsibilities placing patriotic work for Poland at the center of Polish immigrant duties In *The Exile Mission* an intriguing look at the interplay between the established Polish community and the refugee community Anna Jaroszy ska Kirchmann presents a tale of Polish Americans and Polish refugees who like postwar Polish exile communities all over the world worked out their own ways to implement the mission s main goals Between the outbreak of World War II and 1956 as Professor Jaroszy ska Kirchmann demonstrates the exile mission in its most intense form remained at the core of relationships between these two groups *The Exile Mission* is a compelling analysis of the vigorous debate about ethnic identity and immigrant responsibility toward the homeland It is the first full length examination of the construction and impact of the exile mission on the interactions between political refugees and established ethnic communities *The Dialectics of Exile* Sophia A. McClennen,2004 The history of exile literature is as old as the history of writing itself Despite this vast and varied literary tradition criticism of exile writing has tended to analyze these works according to a binary logic where exile either produces creative freedom or it traps the writer in restrictive nostalgia *The Dialectics of Exile Nation Time Language and Space in Hispanic Literatures* offers a theory of exile writing that accounts for the persistence of these dual impulses and for the ways that they often co exist within the same literary works Focusing on writers working in the latter part of the twentieth century who were exiled during a historical moment of increasing globalization transnational economics and the theoretical shifts of postmodernism Sophia A McClennen proposes that exile literature is best understood as a series of dialectic tensions about cultural identity Through comparative analysis of Juan Goytisolo Spain Ariel Dorfman Chile and Cristina Peri Rossi Uruguay this book explores how these writers represent exile identity Each chapter addresses dilemmas central to debates over cultural identity such as nationalism versus globalization time as historical or cyclical language as representationally accurate or disconnected from reality and social space as utopic or dystopic McClennen demonstrates how the complex writing of these three authors functions as an alternative discourse of cultural identity that not only challenges official versions imposed by authoritarian regimes but also tests the limits of much cultural criticism **The Exiles** Richard Harding Davis,1903 *The Exile of St. Helena* Philippe Gonnard,1909 **The Exile and Return of Writers from East-Central Europe** John Neubauer,Borbála Zsuzsanna Török,2009-10-28 This is the first comparative study of literature written by writers who fled from East Central Europe during the twentieth century It includes not only interpretations of individual lives and literary works but also studies of the most important literary journals publishers radio programs and other aspects of exile literary cultures The theoretical part of introduction distinguishes between exiles migr s and expatriates while the historical part surveys the pre twentieth century exile traditions and provides an overview of the exilic events between 1919 and 1995 one section is devoted to exile cultures in Paris London and New York as well as in Moscow Madrid Toronto Buenos Aires and other cities The studies focus on the factional divisions within each national exile culture and on the relationship between the various exiled national cultures among each other They also investigate the relation of

each exile national culture to the culture of its host country Individual essays are devoted to Witold Gombrowicz Paul Goma Milan Kundera Monica Lovinescu Milo Crnjanski Herta and Paul Amirian and to the internal exile of Imre Kertész Special attention is devoted to the new forms of exile that emerged during the ex Yugoslav wars and to the problems of homecoming of exiled texts and writers

The Social Organization of Exile Margaret E. Kenna, 2013-12-19 Illustrated with prints from a unique archive of glass and celluloid negatives from the Aegean island of Anafi this book deals with the life of people who were sent into internal exile under the Metaxas dictatorship 1936-1942 Like others before and after this regime used imprisonment internal deportation and exile as a means of containing and isolating a wide variety of people who were thought to be public dangers Drawing on published and unpublished memoirs and on firsthand accounts of former exiles it gives a vivid picture of a by no means unified collection of people facing a common set of problems on an island at the borders of the Greek State During the Occupation the Anafi exiles faced privation hunger and finally the dissolution of the commune This is a human drama which will interest a wide range of readers

Ezekiel and the Ethics of Exile Andrew Mein, 2006 Whereas much recent work on the ethics of the Hebrew Bible addresses the theological task of using the Bible as a moral resource for today this book aims to set Ezekiel's ethics firmly in the social and historical context of the Babylonian Exile The two moral worlds of Jerusalem and Babylonia provide the key Ezekiel explains the disaster in terms familiar to his audience's past experience as members of Judah's political elite He also provides ethical strategies for coping with the more limited possibilities of life in Babylonia which include the ritualization of ethics an increasing emphasis on the domestic and personal sphere of action and a shift towards human passivity in the face of restoration Thus the prophet's moral concerns and priorities are substantially shaped by the social experience of deportation and resettlement They also represent a creative response to the crisis providing significant impetus for social cohesion and the maintenance of a distinctively Jewish community
