Chapter 4 walks you through the steps needed to develop an organized farm plan. The chapter presents a convenient month-by-month overview of the farmer's year, offering a timeline and detailed instructions for sowing seeds indoors, transplanting seedlings, guarding against insects and weeds, harvesting, planting cover crops, extending the season, and developing a schedule for successive food crops. Whether you want to feed your growing family all summer long or produce enough food for a small-scale agribusiness, the information here is invaluable.
