The Discrete Charm Of Charlie Monk:

The Discrete Charm Of Charlie Monk David Ambrose,2013-04-25 It was some moments before Charlie turned his gaze back to Control When he did there were tears in his eyes What have you done Something that evolution wouldn't have accomplished in a million years left to itself Control replied calmly You're custom built Charlie a hero for our time Charlie Monk is the ultimate superhero He has no conscience He has no fear But he also has no memory Dr Susan Flemmyng has found a way to give memory back In a world where even virtual reality is controlled that is the most dangerous knowledge of all Can she trust those she works for or should she take the greatest risk and trust Charlie Discrete Charm of Charlie Monk Post David Ambrose,2000-01

Coincidence David Ambrose,2013-04-25 A wrong number here a case of mistaken identity there a chance meeting with a stranger who knows your best friend Most people dismiss such things as trivial unimportant Mere coincidence Or could there be a hidden pattern in these seemingly random events George Daly's life has been as unremarkable as most people's until the day he finds himself going through his dead father's possessions He discovers a photograph of himself as a boy but he has no memory of where it was taken nor does he recognize the people with him As he investigates further he experiences an increasingly bizarre chain of coincidences that soon threaten to unravel his whole world Before long he finds himself fighting for his sanity and even his survival **The Man Who Turned**

Into Himself David Ambrose,2013-03-28 Rick Hamilton has the perfect life a great career a wonderful son and a beautiful wife Until one day everything changes Something a premonition A terrifying fantasy happens to Rick Who is the man in the horrifying fatal car crash Why is his wife crying at the scene Who is the man she is calling Richard And why does she deny they have a son Rick Hamilton has become trapped in a terrible strange new life in which nothing will ever quite make sense
