and to get the story Shaking himself awake Carter heads off to interview the cop s widow And then he gets another call the story s off the cop committed suicide But Carter can t understand why a man with a job he loved a beautiful wife and plans to take his adorable children to Disney World would suddenly kill himself And when Carter s attempts to learn more are repeatedly blocked it s clear someone knows more than he s saying about the cop s death The question is who And what does he have to hide Carter with his usual single minded devotion to a good story and to the memory of a Newark policeman will do whatever it takes to uncover the truth
