The Gospels Mark L. Strauss,2018-02-01 The four New Testament books known as the Gospels give us a rich perspective into the life of Jesus While each may focus on various spiritual themes or present different aspects of Jesus s earthly life each gospel should be respected and appreciated for its literary and historical integrity Each writer s gospel book fueled by the Holy Spirit gives a unique window into who Jesus Christ is and what He came to accomplish Together they weave a beautiful tapestry of the story of salvation

The Gospels ,1877

The Gospel Jongwoo Han,2016-07-15 This book merges and harmonizes the four Gospels of Matthew Mark Luke and John into one This unified version which I call The Gospel is based on the faith that the four different gospels exist in order to form together the complete story of Jesus life and ministry I consolidated these sources by identifying common denominators among them as well as parts that are unique to each and then interweaving it all into a single narrative using only original texts This integrated version may offer greater incentive to our youth laymen and non believers as well as professionals to read and learn more about what Jesus did and taught Acts 1 1 In the past there have been many attempts to make the four Gospels easier for readers often displaying similar episodes in parallel columns in an effort to resolve the Gospels narrative complexity by harmonizing them in one way or another however in regard to the text itself previous books do not rise to the level of precision and completeness that is achieved here Answering this need for a clear chronological telling of The Story of Jesus this book unifies every account of the four Gospels into a single story without omitting or compromising any part On a given topic in Jesus ministry this book uses as its base whichever gospel is the greatest common denominator consolidates identical or similar parts from other Gospels and integrates the unique and different elements of each book into a single story

Reading the Gospels Wisely Jonathan T. Pennington,2012-07-01 This textbook on how to read the Gospels well can stand on its own as a guide to reading this New Testament genre as Scripture It is also ideally suited to serve as a supplemental text to more conventional textbooks that discuss each Gospel systematically Most textbooks tend to introduce students to historical critical concerns but may be less adequate for showing how the Gospel narratives read as Scripture within the canonical framework of the entire New Testament and the whole Bible yield material for theological reflection and moral edification Pennington neither dismisses nor duplicates the results of current historical critical work on the Gospels as historical sources Rather he offers critically aware and hermeneutically intelligent instruction in reading the Gospels in order to hear their witness to Christ in a way that supports Christian application and proclamation
