The Grand Style:

Sacred Rhetoric Debora K. Shuger, 2014-07-14 There are no studies of a sacred grand style in the English Renaissance writes Debora Shuger because even according to its practitioners it was not supposed to exist Yet the grand style forms the unacknowledged center of traditional rhetorical theory In this first history of the grand style Professor Shuger explores the growth of a Christian aesthetic out of the Classical grand style showing its development from Isocrates to the sacred rhetorics of the Renaissance These rhetorics advocate a Christian grand style neither pedantically mimetic nor playfully sophistic whose models include Tacitus and the Bible as well as Cicero and whose theoretical sources embrace not only Cicero and Quintilian but Hermogenes and Longinus This style dominates the best and most scholarly rhetorics of the period texts written in Latin and while ignored by most recent scholars extensively used in England throughout the sixteenth and seventeenth centuries These works are the first attempts since Augustine's pioneering revision of Ciceronian rhetoric to reground ancient rhetorical theory on Christian epistemology and theology According to Professor Shuger the Christian grand style is passionate vivid dramatic metaphoric yet this emotional energy and sensuousness is shaped and legitimated by Renaissance religious culture Thus sacred rhetoric cannot be considered apart from contemporary theories of cognition emotion selfhood and signification It mediates between word and world Moreover these texts suggest the almost forgotten centrality of neo Latin scholarship during these years and provide a crucial theoretical context for England's great flowering of devotional prose and poetry Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Nietzsche and the Question of Interpretation Alan Schrift, 2014-02-25 The first attempt at assessing the references to interpretation theory in the Nietzschean text *Oscar Wilde and the Simulacrum* Giles Whiteley, 2017-07-05 Oscar Wilde is more than a name more than an author From precocious Oxford undergraduate to cause celebre of the West End of the 1890s to infamous criminal the proper name Wilde has become an event in the history of literature and culture Taking Wilde seriously as a philosopher in his own right Whiteley's groundbreaking book places his texts into their philosophical context in order to show how Wilde broke from his peers and in particular from idealism and challenges recent neo historicist readings of Wilde which seem content to limit his irruptive power Using the paradoxical concept of the simulacrum to resituate Wilde's work in relation to both his precursors and his contemporaries Whiteley's study reads Wilde through Deleuze and postmodern philosophical commentary on the simulacrum In a series of striking juxtapositions Whiteley challenges us to rethink both Oscar Wilde's aesthetics and his philosophy to take seriously both the man and the mask His philosophy of masks is revealed to figure a truth of a different

kind the simulacra through which Wilde begins to develop and formulate a mature philosophy that constitutes an ethics of joy

Littell's Living Age, 1883 *Atalanta*, 1893 **The Function of Sublime Rhetoric in Hebrews** Christopher T. Holmes, 2018-06-22 Back cover In this study Christopher T Holmes offers an analysis of Hebrews 12 18 29 and its role in the larger argument of Hebrews It argues that the first century treatise De Sublimitate provides a significant context for interpreting the rhetoric and style of Hebrews and sheds new light on the thought and genre of Hebrews **The Continuity of Letters** John Cann Bailey, *The Works of Matthew Arnold ...: On the study of Celtic literature and On translating Homer* Matthew Arnold, 1903 *Readings in Classical Rhetoric* Thomas W. Benson, Michael H. Prosser, 2013-01-11 Rhetoric the theory of oral discourse affected and indeed pervaded all aspects of classical thought Bearing the stamp of its impact were the Homeric hymns the Iliad and the Odyssey Aeschylus Eumenides the great dramatic tragedies the elegiac and lyric poetry and the literature of the Romans often formed in the Greek image The rhetorical notion of probability had direct implications for the classical philosopher and mathematician as it does today Departments of speech English philosophy and classics provide the key centers of interest in the new and the classical rhetorics Despite the considerable enthusiasm for the study of rhetoric no single work provides large selections of primary materials written by the classical rhetoricians themselves Until now only secondary sources containing tiny excerpts or entire and expensive translations of the ancient rhetorical writings were available This large anthology of primary readings of the classical rhetoricians in translation fills this large gap The continuity and coherence of ancient rhetorical traditions is emphasized by organizing large excerpts into the topical divisions that later classical writers agreed upon The first unit of this anthology sets forth major issues in the definition and scope of rhetoric and its appropriate place among other modes of thought and discourse Parts 2 through 5 are organized according to the traditional canons of oratory invention disposition style memory and delivery In organizing the readings this way the editors represent both the philosophical and theoretical issues in rhetoric and its pragmatic functions as a craft for making effective discourse Selecting excerpts that illustrate the major conflicts within the unfolding tradition enables a sampling of not only the major points of view but also the arguments supporting them This volume includes selections not only from writings of the standard classical rhetoricians but also from less typical works which have special value The editors have utilized the best accessible translations while remaining absolutely faithful to their texts *Homer* Richard Claverhouse Jebb, 1898 *Smith College Classical Studies*, 1927 **The Book of the Honeycomb's Flow** Isaac Rabinowitz, Judah Messer Leon, 2020-03-15 Judah Messer Leon's *The Book of the Honeycomb's Flow* written in the second half of the fifteenth century is a treatise on the art of rhetoric in which the classical rhetorical doctrine of the Greeks and Romans is applied to the Hebrew Bible It is the earliest such work by a competent Hebrew scholar Discussing or alluding to a wide variety of theological philosophical political legal and psychological subjects it is one of the most important books of early Renaissance humanism As the indispensable basis of his annotated English translation Isaac Rabinowitz has provided
