Tramp In America:

The Tramp in America Tim Cresswell,2001 This book provides the first account of the invention of the tramp as a social type in the United States from the 1870s through the 1930s Tim Cresswell considers the ways in which the figure of the tramp was imagined and described and how by the Second World War it was being reclassified renamed and rendered invisible He describes the tramp scare of the late nineteenth century in terms of the major factors that influenced the tramp s existence the political and economic climate the technology of the railroad and the after effects of the Civil War He then explores various stereotypes associated with tramps for example the assumption that they were invariably male and therefore a threat to women in domestic environments Another stereotype prevalent in medical discourse saw tramps as untrustworthy diseased and of unsound heredity thus suggesting reasons for their exclusion from democratic processes Cresswell also examines tramps as comic figures and looks at the work of a number of prominent American photographers among them Dorothea Lange which signalled a sympathetic portrayal of this often despised group Perhaps most significantly *The Tramp in America* calls into question the common assumption that mobility played a central role in the production of American identity Tramp Life, Or Roving Adventures in Europe and America ,1884 The Elimination of the Tramp by the Introduction Into America of the Labour Colony System Already Proved Effective in Holland, Belgium, and Switzerland, with the Modifications Thereof Necessary to Adapt this System to American Conditions Edmond Kelly,1908 *Charlie Chaplin's Little Tramp in America, 1947-77* Lisa Stein Haven,2016-11-09 This book focuses on the re invigoration of Charlie Chaplin s Little Tramp persona in America from the point at which Chaplin reached the acme of his disfavor in the States promoted by the media through his departure from America forever in 1952 and ending with his death in Switzerland in 1977 By considering factions of America as diverse as 8mm film collectors Beat poets and writers and readers of Chaplin biographies this cultural study determines conclusively that Chaplin s Little Tramp never died but in fact experienced a resurgence which began slowly even before 1950 and was wholly in effect by 1965 and then confirmed by 1972 the year in which Chaplin returned to the United States for the final time to receive accolades in both New York and Los Angeles where he received an Oscar for a lifetime of achievement in film **Adrift in America** Cecil Roberts,1891 America-here and Over There Luther Barton Wilson,1918 **The Pageant of America, a Pictorial History of the United States** ,1927 *Legislative Documents Submitted to the ...
