Secularism and the Pursuit of

Transcendence, Volume II Stanley E. Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us

Essays at the End of the Age Jay Trott, 2007-01-10

Essays at the End of the Age examines the rise and fall of nihilism in the context of the cycles of intellectual history and suggests ways to go beyond it The modern era began with Descartes and the attempt to use the cogito to obtain a clear understanding of transcendent being Unfortunately the cogito led to nothingness through its resistance to constructs of being Then Kant attempted to synthesize nothingness with being in the transcendental aesthetic with mixed results Finally Nietzsche used the power of nothingness itself or nihilism to negate any concept of being for the sake of the will to power But nihilism led to the same nothingness as the cogito did since nihilism too was based on resistance The limitations of the superman became evident through the art and culture that reflected his negative ideal of absolute resistance to the good and yet nihilism also indicates the end of philosophy and its attempt to describe transcendent value and the good of happiness The superman is dead and philosophy appears to be dead as well The question now is whether it is possible to go beyond nihilism and find the identity purpose and meaning that the human spirit craves Essays at the End of the Age uses illustrations from literature music science and sacred texts to show why the superman failed to obtain happiness and to point the way to a new mode of being

Religion and Transcendence in James Joyce's "Ulysses" Kai Hühne, 2008-10-29 Seminar paper from the year 2008 in the subject English Language and Literature Studies Literature grade 1 7 University of Regensburg Institut f r Anglistik und Amerikanistik course Hauptseminar James Joyce language English abstract The concept of transcendence is generally

defined as the antonym of the notion of immanence The material entities that are tangible and perceivable by the human senses are considered to form part of immanence whereas transcendence is attributed to the divine and celestial spheres that elude the possibility to be grasped and handled in a way material objects can be dealt with Owing to the fact that the two concepts of immanence and transcendence are considered to be poles apart it is uncertain whether they are compatible with each other despite their antonymity If the yawing gap between them should be reconcilable this act of linking can only take place by means of a bridging relation of the complementary An analogy to this would be the complementary relationship between allopathic and homeopathic remedies allopathic pills are composed of chemical substances whose existence can easily be verified in a laboratory whereas homeopathic tablets do not contain the physical substance of the respective herbs metals or even venoms but on the contrary the respective energetic correlate of them that eludes scientific methods of verification Accepting the possibility of being cured by homeopathy is tantamount to embracing the existence of transcendence By means of this comparison I seek to highlight that there must be mutual intermingling between the seemingly disparate antonyms of immanence and transcendence owing to the fact that transcendence needs a material vehicle as a solid fundament in order to function and in order to be perceived by human beings Redemption from this World Alfred George Hogg,1922 **Redefining Teacher Development** Jonathan Neufeld,2009-09-10 This book asserts that teacher development should remain the primary medium for school improvement It aims to reinvigorate research into teacher development by focusing attention on theoretical areas that have been implied but not fully developed *The Celestial Ship of the North* Emma Valentia Straiton,1927 **Henry Rosenberg, 1824-1893** Rosenberg Library,1918 The British Quarterly Review Henry Allon,1882 **The Publications of the Southern New Hampshire Bar Association** Southern New Hampshire Bar Association,1896 Unity ,1903 **Sermons on the International Sunday-school Lessons for 1876-19** Monday Club (Boston).,1903 **Short Studies in Literature** Hamilton Wright Mabie,1891 **Canadian Methodist Magazine** ,1888 **The London Quarterly and Holborn Review** ,1915 **The London Quarterly & Holborn Review** ,1915 **The Philosophical Review** Jacob Gould Schurman,James Edwin Creighton, Frank Thilly,Gustavus Watts Cunningham,1922 An international journal of general philosophy **The Life of Monsignor Robert Hugh Benson** Cyril Charlie Martindale,1917 **The Cœruleans** Sir Henry Stewart Cunningham,1887
