Tudor Music:

English Musical Renaissance, 1840-1940 Meirion Hughes, R. A. Stradling, 2001-12-07 This controversial study isolates and identifies the intellectual social and political assumptions which surrounded English music in the early 20th century The authors deconstruct the established meanings of music in this period arguing that music was not just for the elite but it had come to represent a stronghold of national values reflecting the reassuring Englishness of middle class life as well The Early Tudor Court and International Musical Relations Theodor Dumitrescu, 2007 Theodor Dumitrescu treats the matter of musical relations between England and continental Europe during the first decades of the Tudor reign c 1485 1530 by exploring a variety of historical social biographical repertorial and intellectual links In the first major study devoted to this topic a wealth of documentary references scattered in primary and secondary sources receives a long awaited collation and investigation revealing the central role of the first Tudor monarchs in internationalizing the royal musical establishment and setting an example of considerable import for more widespread English artistic developments
