*Virtual Mentoring for Teachers: Online Professional Development Practices* Keengwe, Jared,2012-08-31 A major investment in professional development is

necessary to ensure the fundamental success of instructors in technology integrated classrooms and in online courses. However, while traditional models of professional development rely on face-to-face instruction, online methods are also gaining traction. Viable means for faculty development include Virtual Mentoring for Teachers Online Professional Development Practices, which offers peer-reviewed essays and research reports contributed by an array of scholars and practitioners in the field of instructional technology and online education. It is organized around two primary themes: professional development models for faculty in online environments and understanding e-Learning and best practices in teaching and learning in online environments. The objective of this scholarship is to highlight research-based online professional development programs and best practices models that have been shown to enhance effective teaching and learning in a variety of environments.
