Visual Music Henry Balme, 2026-01-22 This book traces the evolving relationship between the abstract moving image and music from the eighteenth century to the present across media including film concert projections and kaleidoscopes Although the term visual music has become widespread among artists curators and scholars over the past three decades its meaning remains unsettled Is it a translation of musical form into visual representation or a musical response to images This book offers a critical redefinition of the term grounding visual music in the category of the abstract moving image Close readings of seminal films by Mary Ellen Bute Jordan Belson Oskar Fischinger Walter Ruttmann and James Whitney are complemented by analyses of contemporary work by Joanna Priestley Takashi Ohashi and Clayton McCracken These films are examined through multiple critical lenses including middlebrow modernism mysticism transmediality and the relation of abstract art to music By bringing theoretical precision and historical depth to the subject the book offers fresh perspectives on visual music and provides a valuable foundation for students and scholars in musicology film studies and art history as well as those working in the growing field of audiovisual studies It is essential reading for anyone interested in the fertile terrain where music and the visual arts converge

The Visual Music Film Aimee Mollaghan, 2016-01-23 Adopting an interdisciplinary approach *The Visual Music Film* explores the concept and expression of musicality in the visual music film in which visual presentations are given musical attributes such as rhythmical form structure and harmony

[Music and Fuzzy Logic](#) Hanns-Werner Heister, 2021-02-21 This book unfolds the manifold complex and intertwined relations between Fuzzy Logic and music in a first comprehensive overview on this topic systematically as an outline as completely as possible in the aspects of Fuzzy Logic in this relation and especially in music as a process with three main phases five anthropological layers and thirteen forms of existence of the art work Classics Jazz Pop Folklore Being concerned with the ontological gnoseological psychological and music aesthetical status and the relative importance of different phenomena of relationship between music and Fuzzy Logic the explication follows the four main principles with five phenotypes of Fuzzy Logic with respect to music similarity sharpening 1 as filtering sharpening 2 as crystallization blurring and variation The book reports on years of author's research on topics that have been only little explored so far in the area of Music and Fuzzy Logic It merges concepts of music analysis with fuzzy logical modes of thinking in a unique way that is expected to attract both specialists of music and specialists of Fuzzy Logic and also non specialists in both fields The book introduces the concept of dialectic between sharpening and conscious blurring In turn some important aspects of this dialectic are discussed placing them in an historical dimension and ending in the postulation of a musical turn in the sciences with some important reflections concerning a Philosophy of Fuzzy Logic Moreover a production oriented thinking is borrowed from fuzzy logic to musicology
