Visionary Dh Lawrence:

The Visionary D. H. Lawrence Robert E. Montgomery, 2009-06-04 Lawrence's work is placed in the context of developments in the tradition of Romantic poet philosophers and visionary thinkers Robert E Montgomery shows how Lawrence reacted to the work of Nietzsche Heraclitus and Jacob Boehme where he found ideas similar to his own and precedents for his attempts to evolve a new mode of prophetic poetical philosophical discourse and how Lawrence's place in the visionary tradition differs from that of contemporaries Eliot and Yeats The result is an exploration of the complex vision that informs and unifies Lawrence's work

Visionary Sequences Jeffrey Herrick, 1974 **Starting Over** Joshua Gass, 2006 **Engendering Inspiration** Helen Sword, 1995 Investigates the development of a gendered poetics of inspiration in the modernist period Kangaroo Courts and the Rule of Law Desmond Manderson, 2012 Annotation This volume addresses the legacy of contemporary critiques of language for the concept of the rule of law Can the rule of law be re configured in light of the critical turn of the past several years in legal theory rather than being steadfastly opposed to it

The English Modernist Novel as Political Theology Charles Andrews, 2024-01-11 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE novels by Virginia Woolf D H Lawrence Evelyn Waugh and Sylvia Townsend Warner as political theology works that imagine a resistance to the fusion of Christianity and patriotism which fuelled and supported the First World War this book shows how we can gain valuable insights from their works for anti militarist anti statist and anti nationalist efforts today While none of the four novelists in this study were committed Christians during the 1920s Andrews explores how their fiction written in the wake of the First World War operates theologically when it challenges English civil religion the rituals of the nation that elevate the state to a form of divinity Bringing these novels into a dialogue with recent political theologies by theorists and theologians including Giorgio Agamben William Cavanaugh Simon Critchley Michel Foucault Stanley Hauerwas and Jürgen Moltmann this book shows the myriad ways that we can learn from the authors theopolitical imaginations Andrews demonstrates the many ways that these novelists issue a challenge to the problems with civil religion and the sacralized nation state and in so doing offer alternative visions to coordinate our inner lives with our public and collective actions

David Herbert Lawrence and Sicily Carmine Rapisarda, 2012-10-24 Il volume raccoglie oltre alla biografia dell'autore l'esperienza siciliana e gli influssi dell'isola nei futuri romanzi di DHL Sono stati inseriti il racconto Sun ambientato in Sicilia il primo capitolo di *Sea and Sardinia* che raccoglie le memorie dello scrittore a Taormina le poesie scritte a Fontana Vecchia sulla frutta sui fiori e sugli animali chiude il volume l'introduzione di *Little Novels of Sicily* ovvero note su Verga scritte da Lawrence nella traduzione delle novelle dello scrittore siciliano Modernism, Narrative and Humanism Paul Sheehan, 2002-08-01 In *Modernism Narrative and Humanism* Paul Sheehan attempts to redefine modernist narrative for the twenty first century For Sheehan modernism presents a major form of critique of the fundamental presumptions of humanism By pairing key modernist writers with philosophical critics of the humanist tradition he shows

how modernists sought to discover humanism's inhuman potential. He examines the development of narrative during the modernist period and sets it against among others the nineteenth century philosophical writings of Schopenhauer, Darwin and Nietzsche. Focusing on the major novels and poetics of Conrad, Lawrence, Woolf and Beckett, Sheehan investigates these writers' mistrust of humanist orthodoxy and their consequent transformations and disfigurements of narrative order. He reveals the crucial link between the modernist novel's narrative concerns and its philosophical orientation in a book that will be of compelling interest to scholars of modernism and literary theory.

The Worlds of D.H. Lawrence's Short Fiction, (1907-1923) Anna Grmelová, 2001 Lines of Resistance Adrian Grafe, Jessica Stephens, 2014-01-10 Resistance is a key concept for understanding the twentieth and early twenty-first centuries and for approaching the poetry of the period. This collection of 15 critical essays explores how poetry and resistance interact set against a philosophical, historical and cultural background. In the light of the upheavals of the age and the changing perception of the nature of language, resistance is seen to lie at the core of poetic preoccupations, moving poetic language forward. From this perspective, the resistance of poetry is connected with the human call to solidarity, resilience and ultimately meaning. The volume covers poetry from Hardy, Yeats and Auden among others to contemporary writers like Hugo Williams and Linton Kwesi Johnson. The Critical Response to D.H. Lawrence Jan Pilditch, 2001-08-30 The works of D.H. Lawrence have always generated critical controversy. From the early prosecution of *The Rainbow* (1915) to more recent disputes about feminist criticism, Lawrence engenders strong feelings both for and against his writings. His appeal, both artistic and intellectual, knows no boundaries. His works remain in print and are widely taught, anthologized and translated around the world. So too his texts have engaged some of the best critical minds and scholarship on Lawrence, and his works continue to grow. This reference chronicles the critical response to his writings. A chronology presents the highlights in his publishing career while an introductory essay summarizes the major trends in Lawrence criticism. The sections that follow present previously published reviews and essays on his novels, plays, poems, short fiction and prose and letters. These items are arranged chronologically to illustrate the response to Lawrence over time. The volume closes with a selected general bibliography. *The Art of the Self in D. H. Lawrence* Marguerite Beede Howe, 1977

Writing the Body in D.H. Lawrence Paul Poplawski, 2001-02-28 One of Lawrence's main concerns in his art was to explore and experiment with new ways of writing about the body. But with one or two notable exceptions, few critics have systematically interrogated the broader ramifications of this concern, especially in terms of contemporary theoretical debates about language, representation and sexuality. This book remedies that situation by considering some of the social, cultural and ideological contexts of Lawrence's writings of the body and by engaging closely with his texts from a range of pertinent theoretical positions. The essays included in this volume are written by experts from around the world. The contributors provide detailed discussions of specific major works by Lawrence and employ theoretical approaches which give special attention to language, representation and sexuality, including postmodernism, Marxism, structuralism, the sociology of

ensorship Freudian and Jungian psychoanalysis feminism and gender studies and narrative theory While Lawrence s major novels and short stories provide the main focus for the volume the book also examines his lesser known writings including unfinished story fragments introductions and forewords and literary and journalistic essays *D.H. Lawrence* BiblioLabs, LLC.,2013 D H Lawrence s progressive writings created a stir when they were first published in the early 20th century While he was at first more notorious for his racy novels Lawrence is now considered to be one of the most important modernist authors in Britain D H Lawrence His Life and Early Works offers a large selection of Lawrence s best known and most controversial writings The anthology includes novels short stories plays essays images and more to help paint a picture of the life and work of this literary visionary *The Short Fiction of D.H. Schneider,1986 This biography of Lawrence is unlike any other in its focus on the essential character of the artist and in its synthesis of the facts of his life and thought It is written not for specialists but for general readers who wish to deepen their understanding of the development of Lawrence s thought and feeling over the course of his lifetime The author blends intellectual biography and psychology to focus on Lawrence s religious nature as a shaping force in his life **Esotericism, Art, and Imagination** Arthur Versluis,2008 Esotericism Art and Imagination is a uniquely wide ranging collection of articles by scholars in the field of Western esotericism focusing on themes of poetry drama film literature and art Included here are articles illuminating such diverse topics as the Gnostic fiction of Philip Pullman alchemical images the Tarot surrealism esoteric films and much more This collection reveals the richness and complexity of the intersections between esotericism artistic creators and their works Authors include Joscelyn Godwin Cathy Gutierrez M E Warlick Eric Wilson and many others **Carlyle Studies Annual** ,2002
