The Organic Farmer's Business Handbook Richard Wiswall, 2009-10-09

Contrary to popular belief a good living can be made on an organic farm What s required is farming smarter not harder In The Organic Farmer s Business Handbook Richard Wiswall shares advice on how to make your vegetable production more efficient better manage your employees and finances and turn a profit From his twenty seven years of experience at Cate Farm in Vermont Wiswall knows firsthand the joys of starting and operating an organic farm as well as the challenges of making a living from one Farming offers fundamental satisfaction from producing food working outdoors being one s own boss and working intimately with nature But unfortunately many farmers avoid learning about the business end of farming because of this they often work harder than they need to or quit farming altogether because of frustrating and often avoidable losses In this comprehensive business kit Wiswall covers Step by step procedures to make your crop production more efficient Advice on managing employees farm operations and office systems Novel marketing strategies What to do with your profits business spending investing and planning for retirement A companion toolkit available for download upon purchase of the book offers valuable business tools including easy to use spreadsheets for projecting cash flow a payroll calculator comprehensive crop budgets for forty different crops and tax planners

Nutrition Decisions Carolyn Dunn (PhD.), 2013 Nutrition Decisions Eat Smart Move More encourages personal health behavior change for a lifetime of good habits and good health among students The text employs the Theory of Planned Behavior to empower students to make positive changes in their lives to improve their health The most current research based information on each concept is presented as well as specific strategies that can be employed for behavior change Information is presented in modules that include one specific topic of instruction within the field of nutrition physical activity or other aspect of health and wellness

The material is research based and well referenced but is presented in an applied and consumer oriented method that makes it easy for a non science major to understand Students are encouraged to check their own behavior based on the module content Instructors will be given instructions on how to track a specific behavior for example record beverage consumption over 3 days Suggestions will be given as to how students can make specific positive changes Students will record their goal and how they intend to improve their overall health on their personal record sheet which will be presented in the text as well as on the companion website All chapters will include suggestions about how students can make incremental changes in their health behaviors There will also be a myth versus fact section that will discuss the most common myths about foods and nutrition
