Who Really Wrote the Bible? Clayton Howard Ford,2010-02 For many years now a debate has raged among literary scholars as to who wrote the Pentateuch The first five books of the Bible Within that debate two sides with irreconcilably different viewpoints have battled For The truth The result of this discourse will be far reaching threatening the foundations of the world s three greatest religions For Christianity if Moses did not write the Pentateuch then Jesus was misled And The faith of many are in jeopardy If several editors wrote and put together those books at different times as Dr Richard Elliott Friedman argues in his book *Who Wrote the Bible* 1987 then it is possible that Abraham was a fictional character And The faiths of Judaism and Islam have a fictional origin In *Who Really Wrote the Bible* author Clayton Ford sifts through the logical and literary fallacies put forth as evidence by those who would condemn the Pentateuch s authenticity By following through the dissenters reasoning with copious references to their own material he brings light to how these scholars have tied themselves up in the knots of their own criticism Where Moses s detractors see inconsistency and evidence for multiple authors Ford finds examples of elaborate harmony consistency and intricate storytelling Where they find dramatically different styles Ford shows an educated single author with an ability to alter formats As evidenced in other examples from antiquity

A Journey Through Torah Ben Zion Katz,2012 Demonstrating that the supposed irreconcilability of modern critical biblical scholarship and traditional Judaism has been overstated this proposal argues that modern biblical scholarship is not as scientific as its proponents make it out to be while traditional Jewish exegesis is more critical than is commonly appreciated It is a synthesis of the two author Ben Zion Katz sustains that allows for the most nuanced and comprehensive understanding of the Torah

C. Kerns, Dartmouth College. Department of Religion, 1986 BIBLICAL CRITICISM Edward D. Andrews, F. David Farnell, 2017-10-27 Exploring the Composition of the Pentateuch L. S. Baker Jr., Kenneth Bergland, Felipe A. Masotti, A. Rahel Wells, 2020-11-12 For many years the historical critical quest for a reconstruction of the origins and development of the Pentateuch or Hexateuch has been dominated by the documentary hypothesis the heuristic power of which has produced a consensus so strong that an interpreter who did not operate within its framework was hardly regarded as a scholar However the relentless march of research on this topic has continued to yield new and refined analyses data methodological tools and criticism In this spirit the contributions to this volume investigate new ideas about the composition of the Pentateuch arising from careful analysis of the biblical text against its ancient Near Eastern background Covering a wide spectrum of topics and diverging perspectives the chapters in this book are grouped into two parts The first is primarily concerned with the history of scholarship and alternative approaches to the development of the Pentateuch The second focuses on the exegesis of particular texts relevant to the composition of the Torah The aim of the project is to foster investigation and collegial dialogue in a spirit of humility and frankness without imposing uniformity In addition to the editors the contributors include Tiago Arrais Richard E Averbeck John S Bergsma Joshua A Berman Daniel I Block Richard Davidson Roy E Gane Duane A Garrett Richard S Hess Benjamin Kilch r Michael LeFebvre Ji Moskala and Christian Vogel
