Tramway Heyday. [With Photographs.] James Joyce (Writer on Tramways.), 1964 **Tramway Heyday** James Joyce, 1964 **Tramway Heyday** James Joyce, 1974 Rails in the Road Oliver Green, 2016-10-31 There have been passenger tramways in Britain for 150 years but it is a rollercoaster story of rise decline and a steady return Trams have come and gone been loved and hated popular and derided considered both wildly futuristic and hopelessly outdated by politicians planners and the public alike Horse trams introduced from the USA in the 1860s were the first cheap form of public transport on city streets Electric systems were developed in nearly every urban area from the 1890s and revolutionised town travel in the Edwardian era A century ago trams were at their peak used by everyone all over the country and a mark of civic pride in towns and cities from Dover to Dublin But by the 1930s they were in decline and giving way to cheaper and more flexible buses and trolleybuses By the 1950s all the major systems were being replaced Londons last tram ran in 1952 and ten years later Glasgow the city most firmly linked with trams closed its network down Only Blackpool famous for its decorated cars kept a public service running and trams seemed destined only for scrapyards and museums A gradual renaissance took place from the 1980s with growing interest in what are now described as light rail systems in Europe and North America In the UK and Ireland modern trams were on the streets of Manchester from 1992 followed successively by Sheffield Croydon the West Midlands Nottingham Dublin and Edinburgh 2014 Trams are now set to be a familiar and significant feature of twenty first century urban life with more development on the way **Tramway Memories** James Joyce, 1967 *Trams Around Dewsbury & Wakefield* Norman Ellis, 2003-10-01 Trams Around Dewsbury and Wakefield is part of the new series Transport Through the Ages brought to you by Wharnccliffe Books This fascinating book traces the nostalgic journey of the trams through the ages Trams Around Dewsbury and Wakefield is an exquisitely illustrated history It covers two relatively large tramway systems based at Dewsbury and Wakefield and a small system based at Ossett Unlike other tramway undertakings in West Yorkshire which were municipally owned and operated these three were company operated The book relies heavily on old picture postcards collected by the author since 1970 Most of the illustrations have not appeared in print before In addition to trams they reveal a background of altered or vanished buildings plus people going about their daily lives Take yourself on a nostalgic journey through the transitional times of these tramways as you read Trams Around Dewsbury and Wakefield *D. H. Lawrence, Transport and Cultural Transition* Andrew F. Humphries, 2017-04-07 This book discusses D H Lawrence s interest in and engagement with transport as a literal and metaphorical focal point for his ontological concerns Focusing on five key novels this book explores issues of mobility modernity and gender First exploring how mechanized transportation reflects industry and patriarchy in Sons and Lovers the book then considers issues of female mobility in The Rainbow the signifying of war transport in Women in Love revolution and the meeting of primitive and modern in The Plumed Serpent and the reflection of dystopian post war concerns in Lady
