Reading Sumerian Poetry Jeremy Black,2000-12-01 An analysis of the oldest form of poetry Sumer in the southern part of Iraq created the first literary culture in history as early as 2500BC The account is structured around a complete English translation of the fragmentary Lugalbanda poems narrating the adventures of the eponymous hero The study reveals a work of a rich and sophisticated poetic imagination and technique which far from being in any sense primitive are so complex as to resist much modern literary analysis

The Zionist Paradox Yigal Schwartz,2014-09-02 Many contemporary Israelis suffer from a strange condition Despite the obvious successes of the Zionist enterprise and the State of Israel tension persists with a collective sense that something is wrong and should be better This cognitive dissonance arises from the disjunction between place defined as what Israel is really like and Place defined as the imaginary community comprised of history myth and dream Through the lens of five major works in Hebrew by writers Abraham Mapu 1853 Theodor Herzl 1902 Yosef Luidor 1912 Moshe Shamir 1948 and Amos Oz 1963 Schwartz unearths the core of this paradox as it evolves over one hundred years from the mid nineteenth century to the 1960s

Reading 360: To turn a stone Theodore Clymer,1970

Israeli Mythogynies Esther Fuchs,2012-02-01 This book is the first to systematically examine the representation of women by mainstream Hebrew authors from the Palmah Generation to the New Wave Fuchs unique analytical method exposes the male centered bias which often inspires the works of such prominent and widely translated authors as S Yizhar Moshe Shamir A B Yehoshua and Amos Oz She exposes both the continuities and the transformations in the literary representations of women and explains them in innovative ways grounded in aesthetic social political and cultural conditions and ideologies The bold and unexpected discoveries offered by this book illuminate the complex ways in which Israel s political predicaments for example affect the representation of women as well as the various ways in which Israeli literature uses female images to express the anxiety and frustration arising from these predicaments This pioneering study will be invaluable to feminist literary critics scholars and teachers and students of modern Hebrew literature

[Kaqchikel Chronicles](#) ,2010-07-05 The collection of documents known as the Kaqchikel Chronicles consists of rare highland Maya texts which trace Kaqchikel Maya history from their legendary departure from Tollan Tula through their migrations wars the Spanish invasion and the first century of Spanish colonial rule The texts represent a variety of genres including formal narrative continuous year count annals contribution records genealogies and land disputes While the Kaqchikel Chronicles have been known to scholars for many years this volume is the first and only translation of the texts in their entirety The book includes two collections of documents one known as the Annals of the Kaqchikels and the other as the Xpantzay Cartulary The translation has been prepared by leading Mesoamericanists in collaboration with Kaqchikel speaking linguistic scholars It features interlinear glossing which allows readers to follow the translators in the process of rendering colonial Kaqchikel into modern English Extensive footnoting within the text restores the depth and texture of cultural context

to the Chronicles To put the translations in context Judith Maxwell and Robert Hill have written a full scholarly introduction that provides the first modern linguistic discussion of the phonological morphological syntactic and pragmatic structure of sixteenth century Kaqchikel The translators also tell a lively story of how these texts which derive from pre contact indigenous pictographic and cartographic histories came to be converted into their present form Sumerian and Babylonian Psalms Stephen Langdon,1909 *Place and Ideology in Contemporary Hebrew Literature* Karen Grumberg,2012-01-05 John Brinckerhoff Jackson theorized the vernacular landscape as one that reflects a way of life guided by tradition and custom distanced from the larger world of politics and law This quotidian space is shaped by the everyday culture of its inhabitants In *Place and Ideology in Contemporary Hebrew Literature* Grumberg sets anchor in this and other contemporary theories of space and place then embarks on subtle close readings of recent Israeli fiction that demonstrate how literature in practice can complicate those discourses Literature in Israel over the past twenty five years tends to be set in ordinary spaces rather than in explicitly ideologically charged locations such as contested borders and debated territories Rarely taking place in settings of war and political violence it depicts characters encounters with everyday places such as buses and caf s as central to their self conception Yet in academic discussions the imaginative representations of these sites tend to be neglected in favor of spaces more overtly relevant to religious and political debates To fill this gap Grumberg proposes a new understanding of how Israeli identity is mapped onto the spaces it inhabits She demonstrates that in the writing of many Israeli novelists even mundane sites often have significant ideological implications Exploring a wide range of authors from Amos Oz to Orly Castel Bloom Grumberg argues that literary depictions of vernacular places play a profound and often unidentified role in serving or resisting ideology **All the Essays of Michael Seigneur de Montaigne** Michel de Montaigne,1872 **Midstream** ,1983 Essays Michel de Montaigne,1800 **Inextricably Bonded** Rachel Feldhay Brenner,2003 Israeli literatures and their presence in Zionist culture Zionism and the discourses of negation is post Zionism really post Dissenting literatures and the literary canon Discourses of bonding Longing for hope **The Jewish Quarterly** ,1968 *Foreign Service Journal* ,2010 **Popol Vuh** Allen J. Christenson,2008 This second volume provides a literal line by line English translation of the Popol Vuh capturing the beauty subtlety and high poetic language characteristic of K iche Maya sacred writings By arranging the work according to its poetic structure Christenson preserves the poem s original phraseology and grammar allowing subtle nuances of meaning to emerge **Don't Blame Mother** Paula J. Caplan,1990 A nationally recognized expert on the psychology of women shows how the anger and agony of the mother daughter relationship can be replaced with a new bond based on understanding and respect **Hart's E&P** ,2006-04 **The Bush Viper Do Your Kids Know This?** Tanya Turner,2016-12-14 The Bush Viper is a specie of snake Snakes can be beautiful interesting and deadly If a snake is venomous this works like a poison and can kill a person The Bush Viper is actually a type of snake that has venom making it not only scary but dangerous as well Still it can t be denied that this kind of snake is fascinating
