Virtuous Intentions:

Virtuous Intentions Mark Ledbetter, 1989 Narrative does not simply tell a story it discovers and creates story as well Mark Ledbetter argues that an important dimension of narrative is its ability to reveal the virtuous life He examines three narrative texts James Agee s A Death in the Family Walker Percy s Love in the Ruins and Robert Penn Warren s A Place to Come To His goal is to demonstrate how a study of narrative structure especially the element of character explores and reveals the life of virtue He concludes with a discussion of how moral criticism has a place in post modern literary reflection and how the two can work together to produce a critically sound literary interpretation *Organizational Social Irresponsibility* Agata Stachowicz-Stanusch, Gianluigi Mangia, Adele Caldarelli, Wolfgang Amann, 2017-04-21 *Organizational Social Irresponsibility* explores theoretical and practical aspects of social irresponsibility in organizations Divided into three parts it covers practices the dark side of business and social cultural and institutional dimensions with contributions from global authors across various sectors and processes **The Buddha Code** Phil Justin, 2024-09-07 *Decoding Enlightenment Uncovering Buddha s Blueprint for the Soul* What if the teachings of the Buddha were more than just spiritual practices What if they were the key to understanding the mind itself This book delves into Buddhism through the multifaceted lens of psychology philosophy and spirituality dissecting the Four Noble Truths and the Eightfold Path with precision and insight But it s more than just an exploration it s a treasury of quotes and observations that invite deep reflection Unveil the profound psychological insights and philosophical underpinnings of Buddha s teachings This guide offers a unique synthesis of ancient principles with modern psychological perspectives Perfect for those who seek to go beyond surface level understanding this book explores the deeper implications of Buddha s words and wisdom in our personal and collective evolution It s your gateway to understanding and applying timeless wisdom in today s world **How to Understand the Mind** Geshe Kelsang Gyatso, 2013-12-03 This book offers us deep insight into our mind and shows how an understanding of its nature and functions can be used practically in every day experience to improve our lives Part 1 is a practical guide to developing and maintaining a light positive mind showing how to recognize and abandon states of mind that harm us and to replace them with peaceful and beneficial ones Part 2 describes different types of mind in detail revealing the depth and profundity of the Buddhist understanding of the mind It concludes with a detailed explanation of meditation showing how by controlling and transforming our mind we can attain a lasting state of joy independent of external conditions *Questions of Character* Iskra Fileva, 2017 This collection features 26 new essays on character from first rate scholars in philosophy psychology economics and law The essays are elegantly written and combine forceful argumentation with original ideas on a wide range of questions such as Is Aristotle s theory of character a moral theory Are character traits in tension with personal autonomy How do traits differ from mental disorders What is the role of gossip in character attribution and Can businessmen be virtuous The chapters are organized thematically into 5 sections each prefaced by its own special introduction In the

introductions the editor brings out often unexpected connections among different lines of argument pursued by the authors and raises important questions for further discussion The collection as a whole offers students of character a unique opportunity to engage with some of the best contemporary work on the topic

Understanding the Mind Geshe Kelsang Gyatso, 2002 An explanation of the nature and functions of the mind What is the mind and how does it work Which types of mind lead to inner peace and happiness and which do not How can an understanding of our mind be applied to our daily life Understanding the Mind provides a practical explanation of the mind in a unique combination of profound philosophical exploration and practical psychology Part One explains how Buddhist psychology is based on an understanding of the mind as a formless continuum that is related to yet separate from the physical body Though understanding the nature of the mind and the process of cognition we can attain a lasting state of inner peace and happiness that is independent of external circumstances Part Two explains the many types of mind and shows how we can abandon those that harm us while increasing those that lead to personal joy and fulfilment Throughout the book Geshe Kelsang skilfully shows how we can apply our understanding of our mind to improve our daily life

The Dark Sides of Virtue David Kennedy, 2004 Kennedy's work is sometimes disturbing even shattering but always enlightening and ultimately liberating This is the deepest most challenging and effective collection of essays on international and humanitarian activism available today
