

The Visitor Beyond explores the coexistence of form and formlessness through experimental character design. Each variation — lunar, plush, and bubble — reimagines the same being as it adapts to different physical realities.

The project blends sci-fi aesthetics with tactile design, transforming abstract emotions, fluid distortions, and interdimensional concepts into collectible, tangible forms. Each piece invites curiosity, interpretation, and a sense of wonder — bridging the gap between imagination and reality. Through these creations, the unseen becomes something you can hold, feel, and believe in.

The Visitor Beyond — where unseen dimensions take shape and mystery unfolds.
