GETTING GET Richard Balthazar,2006-10-23 Get ready for an adventure in the deep dark jungle of language In that jungle lurk some mighty strange creatures Gerunds and adverbs and nouns oh my But few if any are as remarkable as the wild verb get In spoken American English this tiny three letter word is the magic key to another enormous language Get is a colloquial code to express an awesome range of actions attitudes emotions intentions and implications Now come along on a most unusual safari into the jungle of how Americans actually talk You ll hear the way we talk in casual situations not that formal stuff for public speaking business or writing You ll marvel at the agility and expressiveness of get and soon start noticing how everybody uses it all the time And believe you me it really does take a whole book to define this little bitty word Be sure and wear sensible shoes and bring something to eat and drink because it s going to be quite a hike Always keep a sharp eye out for treacherous ambiguities and that beastly old context Do try to keep up with the group and stay on the trail It s real easy to get lost
