Tenth Legion

Tenth Legion:

Tenth Legion Tom Kelly, 2021 Tenth Legion has long been considered the greatest and most hilarious book on turkey hunting Yet until now it was only available in a privately published edition Many people who hunt turkeys do so with an attention to detail a regard for strategy tactics and operations and a disregard for personal comfort and convenience that ranks second only to war As for all cultists it never occurs to them that they may be anachronisms Supremely unconscious of the rest of the world blind and deaf to logic and reason they walk along their different roads in step to the music of their different drums

All Things Julius Caesar Michael Lovano, 2014-12-02 Julius Caesar's life and example have fascinated and motivated generations of people for nearly 2 000 years This book explores the people places events and institutions that helped define arguably the most famous individual in the history of Rome Far from being ancient history Roman history and culture from the time of Julius Caesar and the Roman Empire have surprising parallels with the political strife and societal issues in 21st century life Interest and awareness have also been bolstered by recent successful Hollywood films as well as television series that depict Roman history All Things Julius Caesar An Encyclopedia of Caesar's World and Legacy provides a unique reference on topics and themes related to the life and times of Julius Caesar It offers historically accurate information about what he did and did not do and examines his impact on later eras via images and idealized depictions of him popularized in literature and other media up to the present The approximately 200 entries in this two volume set are organized alphabetically according to topic or theme for example individuals such as Marc Antony places such as the province of Gaul events such as Roman elections or battles in the Civil War and institutions such as Roman classes slavery patrons and clients The entries cover all the territories of the Roman Empire during Caesar's time from Britain to Egypt The set includes primary documents such as excerpts from ancient letters essays and biographies and supplements the text with images and maps The bibliography provides print and electronic resources suitable for high school and college student research as well as further reading for general audiences
