## Trigger Lady:

**Trigger Lady** Phyllis Swan,1979      **THE LADY'S COMPANION** Gwyn Gulliver,2011-12-23 G1 G1 was a robot made in human form and given the same intelligence but with a fatal flaw There is a lesson for we humans in this simple tale Be careful for what you wish      **Executed Women of 20th and 21st Centuries** L. Kay Gillespie,2009-06-15 Executed Women of the 20th and 21st Centuries provides a look into the lives crimes and executions of women during the 20th and 21st centuries Rather than dealing with these women as numbers and statistics this book presents them as human beings Each of these women had lives histories and families The purpose is not to condone their actions but to suggest that those we executed are in fact humans rather than monsters as they are often portrayed      **Arctic Wild** Lois Crisler,2016-09-06 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork

*The World of Animals* Joseph Krutch,2017-07-12 Human beings share the earth with many other living creatures and have dealt with them in many different ways Animals have furnished humans with food done their work aroused their curiosity provided them with sport stimulated their sense of beauty and provoked their wonder They have also shared affection when both the human and animal have decided to give it No less varied or avoidable are the attitudes humans have developed toward these creatures This collection of writings selected from a vast literature about animals is also about the people who have been inspired to write on that subject Sometimes consciously and sometimes unconsciously the writer implies an answer to one or more of the questions that any concern with an animal must raise such as What is an animal's place in nature Are they here primarily to serve as a food source Do they possess inherent rights and privileges How are they alike or different from humans The answers to these questions are as varied as the authors Each narrative description or exposition contributes something to an overall picture of human beings relations with and attitudes toward the animal kingdom It is a remarkable conclusion illustrated by Krutch's chronological arrangement within categories that almost every major attitude and activity that has ever existed concerning animals still exists today even though there has been a drift in certain directions Although the editor fairly represents the opposing view his sympathies lie with those for whom the animal world embodies something to be loved and learned from rather than merely to be studied or exploited      **Lady's Realm** ,1899      *Forest and Stream* ,1891      *Official Stud Book and Registry ...* American Quarter Horse Association,1961

not only does he keep getting drawn into battles to the death it's starting to impact his school life *The Atlantic Monthly*, 1891 *Atlantic Monthly*, 1891 **The World of Animals** Joseph Wood Krutch, 1961 This collection of writings selected from a vast literature about animals contributes something to an overall picture of human beings' relations with and attitudes toward the animal kingdom **The Lady's Courage** James Chesley, 2021-10-28 Glenn Tipton is a former historian for the god-like AI known as Master Intelligence. No longer will Glenn and his people be disappeared in the middle of the night or bombed from above by orbiting government spacecraft. Glenn, his wife Cassie, and his semi-self-aware ship the Lady's Courage escape into the dark recesses of space. The whole while being chased by the Master Intelligence's pawn Agent Santos. *Avenging Storm* Maurice Mayben, 2009-04 Warning you will NOT be able to put this book down. Fast-paced, lots of twists and a great ending. I loved it. Diann Tonnesen. A wounded American soldier in Desert Storm discovers ancient Chinese artifacts in the Iraqi desert that imply a potential cure for cancer but learns he must return to Iraq again on the verge of war to find additional artifacts that complete the formula. Unfortunately, ruthless mercenaries murder his uncle and corrupt government officials conspire to suppress the cure even if thousands have to die. Derek Storm must summon all of his cunning and martial skills to recover the artifacts and bring the culprits to harsh justice dispensed by an avenging storm **The Saturday Evening Post**, 1925 He Was Some Kind of a Man Roderick McGillis, 2009-05-19 *He Was Some Kind of a Man* Masculinities in the B Western explores the construction and representation of masculinity in low-budget western movies made from the 1930s to the early 1950s. These films contained some of the mid-twentieth century's most familiar names, especially for youngsters: cowboys such as Roy Rogers, Hopalong Cassidy, and Red Ryder. The first serious study of a body of films that was central to the youth of two generations, *He Was Some Kind of a Man* combines the author's childhood fascination with this genre with an interdisciplinary scholarly exploration of the film's influence on modern views of masculinity. McGillis argues that the masculinity offered by these films is less one-dimensional than it is plural, perhaps contrary to expectations. Their deeply conservative values are edged with transgressive desire, and they construct a male figure who does not fit into binary categories such as insider/outsider or masculine/feminine. Particularly relevant is the author's discussion of George W. Bush as a cowboy and how his aspirations to cowboy ideals continue to shape American policy. This engagingly written book will appeal to the general reader interested in film westerns and contemporary culture as well as to scholars in film studies, gender studies, children's literature, and autobiography *Herd Book of Large Black Pigs* Large Black Pig Society, 1921
