The Space Between Worlds Micaiah Johnson, 2022-03-17 A stunning science fiction debut *The Space Between Worlds* is both a cross dimensional adventure and a powerful examination of identity privilege and belonging Profound Max Gladstone Complex Guardian It remained two steps ahead of my imagination The New York Times A strong new voice in science fiction The Sunday Times Born in the dirt of the wasteland Cara has fought her entire life just to survive Now she has done the impossible and landed herself a comfortable life on the lower levels of the wealthy and walled off Wiley City So long as she can keep her head down and avoid trouble she's on a sure path to citizenship and security on this world at least Of the 380 realities that have been unlocked Cara is dead in all but 8 Cara's parallel selves are exceptionally good at dying from disease turf wars or vendettas they couldn't outrun which makes Cara wary and valuable Because while multiverse travel is possible no one can visit a world in which their counterpart is still alive And no one has fewer counterparts than Cara But then one of

her eight doppelgangers dies under mysterious circumstances and Cara is plunged into a new world with an old secret What she discovers will connect her past and future in ways she never could have imagined and reveal her own role in a plot that endangers not just her earth but the entire multiverse
