**Life Change for Couples** James Reeves, 2013 Healthy people build healthy marriages With that truth in mind author and pastor James Reeves guides couples to find long term healing closeness joy and the strength of a marriage rooted in Christ Based on a sound biblical context and the proven 12 step model of recovery Life Change for Couples brings scriptural principles into personal focus to increase the emotional and spiritual health of both individuals in the marriage Couples will build their own toolkit of nine memorable life changing principles that will continue to guide their daily relationship long after this workbook is completed Designed for use within guided small groups the workbook moves individual participants to personal introspection giving them a chance to record their thoughts questions and discoveries Participants are then invited to interact with their discussion group and with their spouse creating opportunity for growth and learning Motivated couples can benefit from using this in depth guide on their own as well

**Every Shot Must Have a Purpose** Pia Nilsson, Lynn Marriott, Ron Sirak, 2005-09-22 Two legendary coaches give golfers a powerful new approach to the game and to life As coaches to some of golf's top players Pia Nilsson and Lynn Marriott have designed and refined a revolutionary way of teaching the game with phenomenal results They don't believe in prescribing the same stance grip and swing to everyone followed by hours of purposeless drilling They don't even believe in beginning with physical technique Their success has proven to them that a great game begins with a great vision Unlike any other golf book Every Shot Must Have a Purpose offers cutting edge techniques for integrating the physical technical mental emotional and social parts of a player's game The book's revolutionary pre shot routine will improve your focus leading to a golf swing that is not only successful but can be repeated under extreme pressure Emphasizing the individual golfer rather than a rigid set of mechanics their VISION54 method takes the frustration out of the game Why 54 Because they believe it's possible to shoot a 54 making a birdie on every hole of a par 72 course if you have the right mind set and well honed intuitive power An engaging read for the beginner or the seasoned golfer Every Shot Must Have a Purpose is inspiration for life not just the links *Science and Golf II*

**Science and Golf II** Alastair J. Cochran, Martin Farrally, 2002-09-11 This book contains the papers presented at the second World Scientific Congress of Golf The overall theme of the congress is the application of science scientific method and scientific research in golf The congress is intended to provide a forum for scientists of different disciplines to meet and discuss their ideas and research and for practising coaches to interact with scientists

**What Is This Thing Called Jazz?** Eric Porter, 2002-01-31 Among the many books on the history of jazz an implicit division of labor has solidified whereby black artists play and invent while white writers provide the commentary Eric Porter's brilliant book seeks to trace the ways in which black jazz musicians have made verbal sense of their accomplishments demonstrating the profound self awareness of the artists themselves as they engaged in discourse about their enterprise Susan McClary author of *Conventional Wisdom The Content of Musical Form* With *What Is This Thing Called Jazz* Eric Porter has given us an original portrait of black musicians as creators thinkers

and politically conscious individuals This well written thoroughly researched work is a model of a new kind of scholarship about African American musicians one that shows them as people who are both shaped by and actively shaping their political and social context One of the book s most important contributions is that it takes seriously what the musicians themselves say about the music and allows their voices to join that of critics and musicologists in helping to construct a critical and philosophical framework for analyzing the music Professor Porter s work is rare in it s balanced attention to the formal qualities of the music historical interpretation and theoretical reflection His is a work that will certainly shape the direction of future studies What Is This Thing Called Jazz is an extraordinary work Farah Jasmine Griffin author of If You Can t Be Free Be a Mystery In Search of Billie Holiday A major contribution to American Studies in music Eric Porter s lucidly written book is the first to thoroughly analyze and contextualize the critical historical and aesthetic writings of some of today s most innovative composer performers Placing the vital concerns of artists at the center this work provides academic and lay readers alike with important new insights on how African American musicians sought to realize ambitious dreams and concrete goals through direct action not only in sound but through building alternative institutions that emphasized the importance of community involvement George E Lewis Professor of Music Critical Studies Experimental Practices Area University of California San Diego **Bulletin** ,1922 *Black Culture and the New Deal* Lauren Rebecca Sklaroff,2009 In the 1930s the Roosevelt administration unwilling to antagonize a powerful southern congressional bloc refused to endorse legislation that openly sought to improve political economic and social conditions for African Americans Instead as historian *A Voyage in Space* Herbert Hall Turner,1915 *Report* Iowa. Bureau of Labor,1912 **Leonard Bernstein and the Language of Jazz** Katherine Baber,2019-03-16 Leonard Bernstein s gifts for drama and connecting with popular audiences made him a central figure in twentieth century American music Though a Bernstein work might reference anything from modernism to cartoon ditties jazz permeated every part of his musical identity as a performer educator and intellectual Katherine Baber investigates how jazz in its many styles served Bernstein as a flexible indeed protean musical idea As she shows Bernstein used jazz to signify American identity with all its tensions and contradictions and to articulate community and conflict irony and parody and timely issues of race and gender Baber provides a thoughtful look at how Bernstein s use of jazz grew out of his belief in the primacy of tonality music s value as a unique form of human communication and the formation of national identity in music She also offers in depth analyses of *On the Town* *West Side Story* 1600 Pennsylvania Avenue and other works to explore fascinating links between Bernstein s art and issues like eclecticism music s relationship to social engagement black Jewish relations and his own musical identity **Indian Club-swinging** Frank Edward Miller,1900 *Extension Bulletin* Utah State University.
