The Intimate Machine:

The Intimate Machine Neil Frude,1984-08-07 **The Intimate Machine** Neil Frude,1983 Sex/Machine Patrick D. Hopkins,1998 As powerful interacting social and physical forces gender and technology shape our experiences cultures and identities sometimes in such comfortable and subtle ways that it takes effort to appreciate them sometimes in such conspicuous and explosive ways that everyone recognizes their importance Delving into these issues is an opportunity to discover how technology promises or threatens to rewrite our ideas about sex sexuality and gender identity **Thinking Like a Machine** Niki Passath,2017-10-10 In many modes of behavior people act more and more like machines In the context of work people have become a human resource that can be replaced at any time An existence without purpose cannot be imagined just as a machine without function is absurd Do humans already think like machines Do they have a master slave relationship with them Are humans no longer any more than an organic prosthetic fitted to an inorganic body With his created robotic beings Niki Passath breaks with this seemingly rational technological system By eliminating the predominant rationality of the machine he gives it a new meaning This book is the first monograph on the artist s oeuvre Internationally renowned experts shed light on the many facets of his work Machinery Fred Herbert Colvin,Lester Gray French,1900 Machine Ethics and Robot Ethics Wendell Wallach,Peter Asaro,2020-09-10 Once the stuff of science fiction recent progress in artificial intelligence robotics and machine learning means that these rapidly advancing technologies are finally coming into widespread use within everyday life Such rapid development in these areas also brings with it a host of social political and legal issues as well as a rise in public concern and academic interest in the ethical challenges these new technologies pose This volume is a collection of scholarly work from leading figures in the development of both robot ethics and machine ethics it includes essays of historical significance which have become foundational for research in these two new areas of study as well as important recent articles The research articles selected focus on the control and governance of computational systems the exploration of ethical and moral theories using software and robots as laboratories or simulations inquiry into the necessary requirements for moral agency and the basis and boundaries of rights and questions of how best to design systems that are both useful and morally sound Collectively the articles ask what the practical ethical and legal issues arising from the development of robots will be over the next twenty years and how best to address these future considerations **Transactions** ,1903 Vols 5 6 9 include the Proceedings of the annual meeting **Reproductive Technologies as Global Form** Michi Knecht,2012-07 In the thirty five years since the first test tube baby in vitro fertilization and other methods of reproductive assistance have become a common aspect of family life and medicine in affluent nations and increasingly throughout the world How do persons seeking treatment donors and medical experts make use of these reproductive technologies How in crossing borders between nations do they manage to evade legal and bioethical regulations And how do they make sense of these new modes of making kinship against the backdrop of diverse

world views and social settings **Machinery of the Mind** George Johnson,2011-11-16 Machinery of Mind is a full scale indispensable examination of the history content politics and philosophy of Artificial Intelligence In detail consecutively but with a keen awareness of the interdisciplinary nature of the field Johnson traces the history of the burgeoning science from its earliest practitioners to corporation funded engineers and experts Roger Schank Terry Winograd Doug Lenat and others who are struggling to create machines that can actually think independently going beyond man made programs and games Johnson presents the counterarguments of some theorists that intelligence is less than soul and that the new science moves arrogantly into dangerous territory Necessarily inconclusive this fascinating study is clear comprehensive richly detailed and endlessly provocative **Package Machinery Company V. Hayssen Manufacturing Company** ,1959 *Machinery* ,1916 **Social Learning Technologies** Marc Lieshout,Tineke Egyedi,Wiebe Bijker,2018-02-06 This title was first published in 2001 Offering a fascinating new perspective on the processes of technical and social change this book complements contemporary innovation studies by adopting an integrative perspective on social learning as characterized by the introduction of educational multimedia The contributors provide insights into policy making in the fields of education and multimedia educational practices related to the use of multimedia and wider processes of technical change Accessible in style the book will appeal to researchers and policy makers alike and will be of particular relevance to those interested in education media science and technology **Safety in the Machine Shop** Travelers Insurance Companies,1920 **The Exhibited Machinery of 1862** Daniel Kinnear Clark,1864 **Machinery** Lester Gray French,1920 **Equipment and machinery; pt. I by Walter N. Polakov, pt. II by Harry Tipper** United Y. M. C. A.
