

The First Elizabeth

N Noddings

The First Elizabeth:

The First Elizabeth Carolly Erickson, 2007-04-01 A vivid and eminently readable portrait of history's favorite Tudor The New York Times Book Review In this remarkable biography Carolly Erickson brings Elizabeth I to life and allows us to see her as a living breathing elegant flirtatious diplomatic violent arrogant and outrageous woman who commands our attention fascination and awe With her acclaimed writing skill Carolly Erickson electrifies the senses as she evokes with total fidelity the brilliant colors of Elizabethan clothing and jewelry the texture of tapestries and even the close perfumed air of castle rooms Erickson demonstrates her extraordinary ability to discern and bring to life psychological and physical reality of England's Golden Age A masterpiece of narrative a story so absorbing it is as hard to put down as a fine novel Edward M White Los Angeles Times Book Review Even more readable and absorbing than the justly praised works of Tuchman and Fraser Philadelphia Inquirer Carolly Erickson is a great interpreter of history She's likely to be the Barbara Tuchman of her generation David Herlihy Charles Lea Professor of History Harvard University Elizabeth the First Carol Greene, 1990-10 Describes in simple terms the life of Queen Elizabeth I of England **Elizabeth of York** Alison Weir, 2013 Elizabeth of York would have ruled England but for the fact that she was a woman She is one of the key figures of the Wars of the Roses and the Tudor dynasty In youth she was relegated from a pampered princess to a bastard fugitive under siege in sanctuary Yet the probable murders of her brothers the Princes in the Tower left her heiress to the royal House of York In 1486 to consolidate his position after overthrowing the last Yorkist King Richard III Henry VII first sovereign of the House of Tudor married Elizabeth thus uniting the red and white roses of Lancaster and York The marriage was successful and produced seven children But Elizabeth is an enigma She had schemed to marry Richard III and his councillors clearly feared her vengeance Yet after marriage her ambition to be queen satisfied a different picture emerges as she proved herself a model consort **Elizabeth I** Leah S. Marcus, Janel Mueller, Mary Beth Rose, 2024-05-31 This long awaited and masterfully edited volume contains nearly all of the writings of Queen Elizabeth I the clumsy letters of childhood the early speeches of a fledgling queen and the prayers and poetry of the monarch's later years The first collection of its kind Elizabeth I reveals brilliance on two counts that of the Queen a dazzling writer and a leading intellect of the English Renaissance and that of the editors whose copious annotations make the book not only essential to scholars but accessible to general readers as well This collection shines a light onto the character and experience of one of the most interesting of monarchs We are likely never to get a closer or clearer look at her An intriguing and intense portrait of a woman who figures so importantly in the birth of our modern world Publishers Weekly An admirable scholarly edition of the queen's literary output This anthology will excite scholars of Elizabethan history but there is something here for all of us who revel in the English language John Cooper Washington Times Substantial scholarly but accessible An invaluable work of reference Patrick Collinson London Review of Books In a single extraordinary volume Marcus and her coeditors have collected the Virgin Queen's letters speeches poems

and prayers An impressive heavily footnoted volume Library Journal This excellent anthology of Elizabeth's speeches poems prayers and letters demonstrates her virtuosity and afford the reader a penetrating insight into her wiles and understandings Anne Somerset New Statesman Here then is the only trustworthy collection of the various genres of Elizabeth's writings A fine edition which will be indispensable to all those interested in Elizabeth I and her reign Susan Doran History In the torrent of words about her the queen's own words have been hard to find This volume is a major scholarly achievement that makes Elizabeth's mind much more accessible than before A veritable feast of material in different genres David Norbrook The New Republic

The Lioness Roared C. Beem, 2016-04-30 Charles Beem uses Gender Studies and political and constitutional History to examine the problems faced by female rulers throughout British history from the twelfth century Empress Matilda's imaginative efforts to become England's first regnant queen to Queen Victoria's remarkable exercise of political power during the Bedchamber Crisis of 1839

Changes in the Liturgy and Articles in Elizabeth's Reign. A Paper Read Before a Clerical Meeting in Dublin. With an Appendix Containing the Articles of Edward VI., and Our Present Articles, Arranged in Parallel Columns James Houghton Kennedy, 1873

Global Women Leaders Kathleen Mollick, Michele Lockhart, 2014-09-24 Global Women Leaders Studies in Feminist Political Rhetoric demonstrates the ways in which women have used political rhetoric and political discourse to provide leadership or assert their right to leadership on a global level This collection fits into the robust research area of international political women and their use of language in gaining and maintaining political power It casts a wider net in terms of discussing women's efforts to assert and preserve their roles of authority particularly when their audiences may perceive their authority as illegitimate due to gender Chapters dedicated to Elizabeth II and Sheikha Moza Bint Nasser discuss the more traditional ways in which women leaders use language to construct political power Other chapters focus on women who serve as political activists either individually or as part of a group including Aasma Mahfouz of the Egyptian Revolution of 2011 and the women who help direct United Nations policy through their speeches in the General Assembly Global Women Leaders will appeal to scholars of political communication and international rhetoric

The New Elizabethan Age Irene Morra, Rob Gossedge, 2016-09-30 In the first half of the twentieth century many writers and artists turned to the art and received example of the Elizabethans as a means of articulating an emphatic and anti-Victorian modernity By the middle of that century this cultural neo-Elizabethanism had become absorbed within a broader mainstream discourse of national identity heritage and cultural performance Taking strength from the Coronation of a new young Queen named Elizabeth the New Elizabethanism of the 1950s heralded an nation that would now see its modern televised monarch preside over an imminently glorious and artistic age This book provides the first in depth investigation of New Elizabethanism and its legacy With contributions from leading cultural practitioners and scholars its essays explore New Elizabethanism as variously manifested in ballet and opera the Coronation broadcast and festivities national historiography and myth the idea of the Young Elizabethan celebrations of air travel and new technologies

and the New Shakespeareanism of theatre and television As these essays expose New Elizabethanism was much more than a brief moment of optimistic hyperbole Indeed from modern drama and film to the reinternment of Richard III from the London Olympic to the funeral of Margaret Thatcher it continues to pervade contemporary artistic expression politics and key moments of national pageantry
