Testaments of the Twelve Patriarchs Robert Kugler, 2001-10-01 The Testaments of the Twelve Patriarchs is of especial interest to students of early Judaism and Christianity though this importance is not always recognized This collection preserves extra biblical traditions about the sons of Jacob it reflects a moral worldview of Jews and Christians around the turn of the era and it casts light on its authors eschatological imagination Robert A Kugler introduces the student to the Testaments contents their relationship to other texts of the era textual witnesses and sources and rehearses the debate regarding authorship compositional history and purpose He also examines the Testaments from the fresh perspective of rhetorical strategy asking what sort of theological notions the Testaments would have conjured in the minds of early Jewish and Christian listeners or readers

The Heritage of 14 Patriarchs Thierry Kikaya, 2013-12-13 This book is about the treasure of 12 patriarchs which were given by Jacob to his children consequently becoming the belief of the Church This treasure being forgotten by many believers who have not read them or heard of them I wish many will find the blessing in discovering this almost forgotten fossil of our ancestors long time forgotten
