The Nazi Web:

Cruel World Lynn H. Nicholas, 2011-05-25 To be a child in mid twentieth century Europe was to be not a person but an object available for use in the service of the totalitarian state Very soon after Adolf Hitler came to power policies of eugenic selection and euthanasia began to weed ill or disabled children out of the New Order by poison gas and starvation Defect free good blood children were subjected to an education based on racism propaganda and the glorification of the Führer and were deliberately deprived of free time that would allow independent thought or action Once the war began Nordic looking children were kidnapped from families in the conquered lands and subjected to Germanization Meanwhile hundreds of thousands of bad blood children Jews Gypsies Poles Ukrainians Russians were separated from their families and condemned to forced migration slave labor sadistic experiments starvation and mass execution At the end of the war uprooted children of every origin wandered the bombed out cities and countryside some having been taken from home at such a young age that they did not know where they had come from or even their own names Millions surged into and out of DP camps exploited by political and religious groups while the Allies and the fledgling United Nations tried mightily to put families back together and to find new homes for the orphans All the riveting narrative skill and impeccable scholarship that distinguished Lynn Nicholas's first book *The Rape of Europa* winner of the National Book Critics Circle Award for nonfiction are present in her study of these terrible crimes against humanity To research this story she has delved into the governmental and military archives of many nations and has interviewed countless individuals She shows the relationship of the deadly Nazi policies to the brutal tactics used in the USSR in the 1930s and to their rehearsal in the Spanish Civil War and vividly describes the abject failure of Hitler's campaign to plant Germanizing colonies in the conquered nations She gives us the stories of survivors of ghastly war spawned famines in Greece and Russia in the 1940s Holland in the Hunger Winter of 1945 and Berlin in the Airlift year of 1949 and of British French and Dutch children who were evacuated to the countryside boys and girls sent alone from Europe to England on the Kindertransports the teenaged soldiers of the Reich the small veterans of the quarries the factories and the camps as well as those who survived in lonely hiding In *Cruel World* Lynn Nicholas shows us clearly and with passionate empathy for the innocent victims the crimes against children that inevitably result when ideology overwhelms humanity This powerful book as it recounts the waking nightmare that enmeshed the lives of Europe's boys and girls bears witness to our own responsibility to the children of the twenty first century

The Jews of Nazi Vienna, 1938-1945 Ilana Fritz Offenberger, 2017-05-11 This book examines Jewish life in Vienna just after the Nazi takeover in 1938 Who were Vienna's Jews how did they react and respond to Nazism and why Drawing upon the voices of the individuals and families who lived during this time together with new archival documentation Ilana Offenberger reconstructs the daily lives of Vienna's Jews from Anschluss in March 1938 through the entire Nazi occupation and the eventual dissolution of the Jewish community of Vienna Offenberger explains how and why over two thirds of the Jewish community emigrated from the country

while one third remained trapped A vivid picture emerges of the co dependent relationship this community developed with their German masters and the false hope they maintained until the bitter end The Germans murdered close to one third of Vienna s Jewish population in the final solution and their family members who escaped the Reich before 1941 chose never to return they remained dispersed across the world This is not a triumphant history Although the overwhelming majority survived the Holocaust the Jewish community that once existed was destroyed

Far-Right Revisionism and the End of History Louie Dean Valencia-García,2020-03-18 In Far Right Revisionism and the End of History Alt Histories historians sociologists neuroscientists lawyers cultural critics and literary and media scholars come together to offer an interconnected and comparative collection for understanding how contemporary far right neo fascist Alt Right Identitarian and New Right movements have proposed revisions and counter narratives to accepted understandings of history fact and narrative The innovative essays found here bring forward urgent questions to diverse public academic and politically minded audiences interested in how historical understandings of race gender class nationalism religion law technology and the sciences have been distorted by these far right movements If scholars of the last twenty years like Francis Fukuyama believed that neoliberalism marked an end of history this volume shows how the far right is effectively threatening democracy and its institutions through the dissemination of alt facts and histories

The Nazi Web Elfriede Grimmel-Scheunemann,2002-05-01 *The Nazi Hydra in America* Glen Yeadon,2008 This book exposes how US plutocrats launched Hitler then recouped Nazi assets to lay the post war foundations of a modern police state Fascists won WWII because they ran both sides Lays bare the tenacious roots of US fascism from robber baron days to Reichstag fire to the WTC atrocity and Homeland Security with a blow by blow account of the fascist take over of America s media

[Atrocity Crimes, Children and International Criminal Courts](#) Cécile Aptel,2023-04-28 This book shows how international criminal courts have paid only limited and inconsistent attention to atrocity crimes affecting children It elucidates the many structural legal financial and even attitudinal obstacles often overlapping that have contributed to the international courts focus on the experience of adults rendering children almost invisible It reviews whether and how different international and hybrid criminal jurisdictions have considered international crimes committed against or by children The book also considers how international criminal justice can help contribute to the recognition of the specific impact that international crimes have on children whether as victims or as participants and strengthen their protection Finally it proposes an agenda to improve this situation making specific recommendations encompassing the urgent need to further elaborate child friendly procedures It also calls for international investigative and prosecutorial strategies to be less adult centric and broaden the scope of crimes against children beyond the focus on child soldiers This book is an invaluable resource for academics researchers and fieldworkers in the areas of international criminal law international human rights law child rights international humanitarian law child protection and transitional justice

The Doubled Life of Dietrich Bonhoeffer Diane Reynolds,2016-03-11 Few

twentieth century theologians have had a bigger impact on theology than Dietrich Bonhoeffer a man who lived his faith and died at the hands of the Nazis For Bonhoeffer the theological was the personal life and faith deeply intertwined and to this day the world is inspired by that witness Yet the true story of the women in this remarkable man's life has until now been obscured by a conventional narrative that has distorted their role Using primary source material by the women and even including the first ever photo of alleged first fiancée Elisabeth Zinn this book sees these women fully for the first time A highly readable but scholarly work of narrative nonfiction *The Doubled Life* places Bonhoeffer's theology of love and sexuality within the context of his struggles with women friendship and the evils of Nazi Germany Reichpaper Bruce Eric Kipp,1995
