Bandy, Eric Stein,2020-10-13 On his first train ride Michael meets a new friend from the whites only car but finds they can hang together for only part of the trip in the last story in a trilogy about the author s life growing up in the segregated South Michael and his granddaddy always stop working to watch the trains as they rush by their Alabama farm on the way to distant places One day Michael gets what he s always dreamed of his first train journey to visit cousins in Ohio Boarding the train in the bustling station Michael and his grandma follow the conductor to the car with the colored only sign But when the train pulls out of Atlanta the signs come down and a boy from the next car runs up to Michael inviting him to explore The two new friends happily scour the train together and play in Bobby Ray s car until the conductor calls out Chattanooga and abruptly ushers Michael back to his grandma for the rest of the ride How could the rules be so changeable from state to state and so unfair Based on author Michael Bandy s own recollections of taking the train as a boy during the segregation era this story of a child s magical first experience is intercut with a sense of baffling injustice offering both a
