Green Building Toolkit:

Sustainable Design and Green Building Toolkit for Local Governments ,2010 **The Sustainable Design and Green Building Toolkit for Local Governments** ,2010 **The Funding Green Buildings Toolkit** Jan McAdams,2004 *Local Climate Action Planning* Michael R. Boswell,Adrienne I. Greve,Tammy L. Seale,2012-07-16 Climate change is a global problem but the problem begins locally Cities consume 75% of the world s energy and emit 80% of the world s greenhouse gases Changing the way we build and operate our cities can have major effects on greenhouse gas emissions Fortunately communities across the U S are responding to the climate change problem by making plans that assess their contribution to greenhouse gas emissions and specify actions they will take to reduce these emissions This is the first book designed to help planners municipal staff and officials citizens and others working at local levels to develop Climate Action Plans CAPs are strategic plans that establish policies and programs for mitigating a community s greenhouse gas GHGs emissions They typically focus on transportation energy use and solid waste and often differentiate between community wide actions and municipal agency actions CAPs are usually based on GHG emissions inventories which indentify the sources of emissions from the community and quantify the amounts Additionally many CAPs include a section addressing adaptation how the community will respond to the impacts of climate change on the community such as increased flooding extended drought or sea level rise With examples drawn from actual plans *Local Climate Action Planning* guides preparers of CAPs through the entire plan development process identifying the key considerations and choices that must be made in order to assure that a plan is both workable and effective **Building Healthy Places Toolkit** Urban Land Institute,2015 This project was made possible through the generous financial support of the Colorado Health Foundation Additional support for the ULI Building Healthy Places Initiative has been provided by the estate of Melvin Simon *Toward Sustainable Communities* Mark Roseland,2012-07-17 Helps citizens and their governments apply the concept of sustainable development in their communities Original **Sensible Guide for Healthier School Renovations** , **Municipal Green Building Toolkit /** *Conseil du bâtiment durable du Canada*,2007 *A Prototype Toolkit for Evaluating Indoor Environmental Quality in Commercial Buildings* Tom Webster (PE),University of California, Berkeley. Center for the Built Environment,2013

Sustainable Utilization of Natural Resources Prasenjit Mondal,Ajay K. Dalai,2017-03-16 Increased research is going on to explore the new cleaner options for the utilization of natural resources This book aims to provide the scientific knowhow and orientation in the area of the emerging technologies for utilization of natural resources for sustainable development to the readers The book includes production of energy and lifesaving drugs using natural resources as well as reduction of wastage of resources like water and energy for sustainable development in both technological as well as modeling aspects *Sustainable and Resilient Communities* Stephen J. Coyle,2011-05-12 Many of today s communities face an unprecedented struggle to adapt and maintain their environmental economic and social well being in an era beleaguered

by fiscal constraints uncertainty about energy prices and supplies rapid demographic shifts and accelerated climate impacts This step by step guidebook for urban planners and urban designers explains how to create and implement an actionable plan for making neighborhoods communities and regions more environmentally healthy resource conserving and economically resilient Sustainable and Resilient Communities delineates measures for repairing retrofitting and transforming our built environments and supporting systems

Can a City Be Sustainable? (State of the World) The Worldwatch Institute, 2016-05-10 Cities are the world's future Today more than half of the global population 3.7 billion people are urban dwellers and that number is expected to double by 2050 There is no question that cities are growing the only debate is over how they will grow Will we invest in the physical and social infrastructure necessary for livable equitable and sustainable cities In the latest edition of State of the World the flagship publication of the Worldwatch Institute experts from around the globe examine the core principles of sustainable urbanism and profile cities that are putting them into practice From Ahmedabad India to Freiburg Germany local people are acting to improve their cities even when national efforts are stalled Issues examined range from the nitty gritty of handling waste and developing public transportation to civic participation and navigating dysfunctional government The result is a snapshot of cities today and a vision for global urban sustainability tomorrow

Networks, Markets & People Francesco Calabrò, Livia Madureira, Francesco Carlo Morabito, María José Piñeira Mantiñán, 2024-12-02 This book aims to address the issue of the effects that the contemporary environmental technological social and economic global challenges produce on settlement systems communities institutions and enterprises It presents a multi disciplinary scientific debate on the new frontiers of strategic and spatial planning decision support tools and ecological design within the urban rural areas networks and the metropolitan cities of the Mediterranean basin The book focuses on five topics Cultural Heritage as driver of development for territories and tourism destinations Ecosystems people nature cohesion and urban rural relationships Decision Support Systems for urban regeneration Policies and practices of cohesion and social innovation for inclusive cities Green buildings and sustainable solutions for ecological transition In addition the book hosts the papers of a special session intercluster promoted by Italian Society of Architectural Technology SITdA The book benefits all researchers practitioners and policymakers interested in the issue applied to metropolitan cities and marginal areas
