Young Adolf Beryl Bainbridge,1991 **Young Adolf** Frank Daversa,2021-08-12 The story asks the question can a child develop normally despite growing up in harsh surroundings It juxtaposes the real life childhood of Adolf Hitler with a fictional female character two years his senior The two hit it off and eventually fall in love until a catastrophic event separates them forever The story ends by asking the reader Was young Adolf s love for her strong enough to change his personality for the better and thus alter the course of history

Young Adolf Beryl Bainbridge,2016-11-29 A darkly humorous fictionalized account of Adolf Hitler s alleged stay in England as a young man Before becoming the Führer of the Third Reich it is said Adolf Hitler was a failed artist who bummed around at his half brother s house in Liverpool from 1912 to 1913 Based on the memoir of the future despot s sister in law Bridget Hitler Young Adolf is a vivid imagining of this alleged visit to the United Kingdom The story begins with Adolf aboard a ferry aiming to avoid Austrian military service He has no luggage save for a book and holds a false passport made out in the name of his dead brother paranoid that the authorities might be tailing him But what Adolf should be worried about is how he will be received at his destination At the train station his brother Alois greets him with outrage Alois had sent money for their sister Angela to travel to Liverpool but Adolf stole the funds Taking refuge on the sofa for days Adolf makes only one friend Jewish landlord Mr Meyer surprisingly enough With mutual interests in opera and architecture the two become close though Adolf does mention his thoughts on race relations and contaminated blood Eventually under pressure Adolf stops loafing and gets a menial job Most people think he won t ever amount to much but it s clear that Adolf has bigger aspirations Originally published in 1978 this was the first foray into historical fiction for award winning author Beryl Bainbridge who would become famous for works like Master Georgie and the bestselling Every Man for Himself Combining dark humor and psychological intrigue Young Adolf is a portrait of both a man and a city before two World Wars changed everything

From a "Race of Masters" to a "Master Race": 1948 to 1848 A.E. Samaan,2020-11-09 Nazism remains an enigma Historians do not know whether to slot Nazism as a phenomenon of the political right or left largely because of a misunderstanding of how central eugenics was to the regime Eugenics or racial hygiene was at the core of National Socialism s domestic policy foreign policy culture wars and even Hitler s obsession with cars highways and city planning Thus no coherent understanding of the regime is possible without first grasping the nature of eugenics Eugenics did not originate with Nazi Germany It was the culmination of a worldwide movement that was widely accepted by the global scientific and academic community This book traces the origins of the Nazi

eugenics state working backward down the timeline tracing from leaf down to the root We investigate this 100 year trajectory from its beginnings in British and American Academia delving into the conveniently forgotten inner workings of a scientific era uncovering previously unpublished manuscripts professional correspondence and conveniently forgotten publications With the centenary of The Holocaust looming uprooting the web of professional connections that engendered this movement is in order The seeds of Holocaust denial take root and prosper with misinformation Clarity and transparency are imperative as they leave no room for denial theories that would deprive the victims of justice or rob the living of a future

Hitler and Abductive Logic Ben Novak, 2014-05-01 Adolf Hitler is the greatest mystery of the 20th century and the mystery surrounding him consists of two unanswered questions that have baffled biographers and historians First how did he ever rise to power Second who was he really Hitler had the power to mesmerize crowds as the most dynamic orator of the modern age Yet his power was not in his ideas which he collected from the gutter sheets of Vienna nor was it in his personality his biographers describe him as an unperson and his character as a void and a black hole What then was the source of his power Was he a medium or a magician with paranormal powers as many contemporaries thought Or did he have a secret or method that has not yet been revealed Ben Novak spent fourteen years searching for the secret of Hitler s political success and his power as a speaker Hitler s most astute contemporary observer Konrad Heiden who wrote the first objective books on Hitler warning that this man was the greatest massdisturber in world history suggested that Hitler s

secret lay in his use of eine eigentümliche art von Logik or a peculiar form of logic Beginning with this clue Novak finds that there is a new form of logic in accordance with Heiden's description and examples that can explain Hitler's phenomenal political success This new form of logic called abduction was discovered by an American philosopher Charles Sanders Peirce 1839-1914 who is rapidly becoming America's most well known philosopher and logician Abduction is a third form of logic in addition to deduction and induction Unlike the other forms of logic abduction is based on instinct and has a power over emotions Novak argues that Hitler was the first politician to apply the logic of abduction to politics This book provides the first coherent account of Hitler's youth that ties together all the known facts clearly showing the genesis of the strangest and most terrible man of the twentieth century while identifying the power he discovered that allowed him to break out into the world in such a terrifying way
