could be proven that Archibald was adopted the fortune would pass to another The Douglas Cause one of the greatest scandals in English history a legal case whose twists and turns mesmerized the British public led the citizens of Edinburgh to riot and threatened to undermine the very fabric of the empire Based on six years of research The Heir of Douglas is the thrilling definitive account of an astonishing court case written by a woman who knows her way about in the eighteenth century The New York Times *The Bookman* ,1922 **Reclaiming and Redefining American Exhibitions of Russian Art** Roann Barris,2023-08-23 This book examines the history of American exhibitions of Russian art in the twentieth century in the context of the Cold War Because this history reflects changes in museological theory and the role of governments in facilitating or preventing intercultural cooperation it uncovers a story that is far more complex than a chronological listing of exhibition names and art works Roann Barris considers questions of stylistic appropriations and influences and the role of museum exhibitions in promoting international and artistic exchanges Barris reveals that Soviet and American exchanges in the world of art were extensive and persistent despite political disagreements before during and after the Cold War It also reveals that these early exhibitions communicated contradictory and historically invalid pictures of the Russian or Soviet avant garde The book will be of interest to scholars working in art history museum studies and Russian studies The Publishers Weekly ,1922 *The Total Black Experience* Ronald Bishop,Ron Bishop,2026-05-12 The Total Black Experience is the first book to chronicle the history and social significance of Positively Black one of the longest running public affairs shows in the history of television Spurred on by the findings of the Kerner Commission executives at WNBC TV greenlit the show and turned production over to a small but dedicated team of storytellers who quickly made it their mission to carve out a space for serious and nuanced discussion of issues important to the Black community and to celebrate all aspects of Black culture They believed that accurate representation of their experiences was a right not a privilege The show s first cohosts included the well known Harlem based activist Rev Eugene Callender and Gus Heningburg activist successful consultant and mediator and advocate for organized labor Callender had founded Harlem Prep to equip young Black people for college while Heningburg played a key role in stabilizing life in Newark following the rebellion there in the late 1960s Both were adept at using the media to reach their constituencies Combining in depth interviews with painstaking archival research The Total Black Experience introduces readers to key members of the Positively Black production team and analyzes thematic shifts in the show s content The book celebrates Positively Black s longevity and challenges readers to explore the current state of Black representation on television **Editor & Publisher** ,1923 *Publishers' Circular* ,1922 **Books of 1912-** Chicago Public Library,1923
