Barboza's Book of Hypnotic Inductions John Barboza, 2020-12-08 Barboza's Book of Hypnotic Inductions is filled with creative inductions easy enough for a novice hypnotist to master and clever enough for seasoned hypnotists to ponder at The inductions presented within the pages are understandable and translatable enough to easily put into action John thought that the style of the vintage book cover illustration taken directly from the classic comic book ads from the 50's to the 80's would be fitting enough to complement the imaginative instant and rapid inductions he has assembled The inductions vary enough so that some can be used in the office setting and others during presentations street and stage performances and demonstrations This book is for anyone who is interested in learning about hypnosis and others

who have a basic grasp of the concept of hypnotic inductions It is for the hypnotist who has an interest in learning new induction techniques and it s for the seasoned hypnotists who aren t comfortable doing instant and rapid inductions but would like to become more proficient in using them **Forewords.
